

RISKS – It is the Employer’s responsibility to instruct all newspaper delivery children in calm, but clear way, on the following risks, which they could encounter whilst carrying out their deliveries. We recommend that these assessments are carried out periodically, especially if rounds change or any significant hazard arises. A copy of this Risk Assessment must be sent to the child’s parent/carer and a copy kept in your files. Failure to do so may lead to the withdrawal of the Employment Licence.
