WORKING PRINCIPLES

The working principles have been developed to provide a framework for scrutiny to take place.

Membership

Each constituent Local Authority (Bury, Oldham, Rochdale, Stockport and Tameside) shall appoint 3 Councillors to the Joint Overview and Scrutiny

Committee(JHOSC) each Municipal Year. The JHOSC shall therefore have 15 Members.

If a Member of the Joint Health Overview and Scrutiny Committee for the Pennine Care Hospitals NHS Trust is unable to attend a Committee Meeting that Member may ask a substitute Member to attend on his/her behalf in accordance with the conventions of their Council. The Chair of the Joint Health Overview and Scrutiny Committee for the Pennine Care Foundation Trust should be notified via the Joint Health Overview and Scrutiny Officer for the Pennine Care Foundation Trust.

Meetings

The Joint Health Overview and Scrutiny Committee (JHOSC) is a committee established by the five constituent local authorities of Bury, Oldham, Rochdale Stockport and Tameside.

A schedule of meetings will be agreed by the Committee at the beginning of each municipal year.

Additional meetings may be convened by the Committee.

A Chairman and a Vice-Chairman will be elected by the Committee at the first meeting of each municipal year.

A quorum of three of the appointed members will apply.

Any personal, prejudicial or pecuniary interests held by members should be declared on any item of business at a meeting, either under the agenda item **Declarations of Interest** or as soon as it becomes apparent.

Decisions will be taken by consensus. Where it is not possible to reach a consensus, a decision will be reached by a simple majority of those members present at the meeting. Where there are equal votes the Chairman of the meeting will have the casting vote.

The agenda and supporting papers will be circulated at least five working days in advance of meetings. The minutes will be circulated to those with

actions as soon as possible. Minutes, agendas and papers will be published on the JHOSC's website pages.

Meetings shall be held in public with specific time allocated for public question time.

Work Programme

A Work Programme will be developed annually by the Committee. The Work Programme will take into account the priorities of the Pennine Care Foundation Trust, national and local areas of concern, health priorities and health inequalities.

Principles for Effective Scrutiny

Scrutiny undertaken through the Joint Committee will be focused on improving the health and health services for residents in areas served by the committee through the provision and commissioning of acute hospital services for those residents.

Improving health and health services through scrutiny will be open and transparent to Members of the Local Authority, health organisations and members of the public.

All Members, officers, members of the public and patient representatives involved in improving health and health services through scrutiny will be treated with courtesy and respect at all times.

Improving health and health services through scrutiny is most likely to be achieved through co-operation and collaboration between representatives of Local Councils, the Pennine Care Foundation Trust, representatives of Healthwatch and the Clinical Commissioning Groups commissioning hospital services.

Co-operation and joint working will be developed over time through mutual trust and respect with the objective of improving health and health services for local people through effective scrutiny.

All agencies will be committed to working together in mutual co-operation to share knowledge and deal with requests for information and reports for the JHOSC within the time scales set down.

The JHOSC will give reasonable notice of requests for information, reports and attendance at meetings.

The JHOSC, whilst working within a framework of collaboration, mutual trust and co-operation, will always operate independently of the NHS and have the authority to hold views independent of other Members of representative Councils and their Executives.

The independence of the Joint Committees must not be compromised by its Members, by other Members of the Council or any of the Councils' Executives, or by any other organisation it works with.

Those involved in improving health and health services through scrutiny will always declare any particular interest that they may have in particular pieces of work or investigation being undertaken by the Joint Health Overview and Scrutiny Committee and thus may withdraw from the meeting as they consider appropriate.

The Joint Health Scrutiny Committee will not to take up and scrutinise individual concerns or individual complaints.

Where a wider principle has been highlighted through such a complaint or concern, the Joint Overview & Scrutiny Committee should consider if further scrutiny is required. In such circumstances it is the principle and not the individual concern that will be subject to scrutiny.
