

# Home-Start Rochdale and Bury – BURY OFFER

## PIMH – Parent Infant Mental Health Service

These will be provided by a member of the Parent Infant Mental Health team or one of our trained volunteers.

## RAASS – Rochdale and Bury Autism and ADHD

## Weekly Home Visits

These will be provided by a member of the Rochdale and Bury Autism and ADHD Support service with lived experience.

No diagnosis required

## We Support...

Parents with babies from conception to age of 2. We can visit parents at home, go out for walks and support you to find and attend play and support groups.

Families who have children under the age of 5 with disabilities, additional needs, challenging behaviours or identify as neurodivergent via weekly home visiting support.

## Group Sessions

Parents can come along to a small, closed group with different themes weekly. Enjoy playing with your little one and encourage positive communication and early language skills.

Drop-in sessions available in Heywood, Middleton, Rochdale and Pennines. We provide a listening ear and a welcoming, non-judgemental environment.

Sessions include a sensory table, library, signposting and activities for children.

## Additional Support

Coordinators and Support Workers can offer call and text support alongside home visiting if this is needed. Flexible support for working parents.

Dads Chat available with male Autism and ADHD Support Worker.

Telephone support with a RAASS Support Worker available if required.

Information correct as of July 2024
