

Alternative Provision Directory

2023-2026

Guidance

This guidance refers to and should be read in conjunction with:

- DFE Alternative Provision Statutory guidance for local authorities 2013
- DFE Statutory guidance for Exclusion and Suspensions 2023

What is Alternative Provision?

The DFE define Alternative Provisions as follows:

- Education arranged by local authorities for pupils who because of exclusion, illness or other reasons would not otherwise receive suitable education.
- Education arranged by schools for pupils on a fixed period exclusion.
- Education for pupils being directed by schools to off-site provision to improve their behaviour.

What is Good Alternative Provision

Good alternative provision is that which appropriately meets the needs of pupils which require its use and enables them to achieve good educational attainment on par with mainstream peers. The provision will differ from pupil to pupil, and many will access provision on a part-time provision to compliment a core curriculum delivered in school whilst others may require full-time provision. However, there are some common elements that alternative provision should aim to achieve and the DFE guidance identifies these as:

- good academic attainment on par with mainstream schools – particularly in English, maths and science (including ICT) – with appropriate accreditation and qualifications.
- that the specific personal, social and academic needs of pupils are properly identified and met in order for them to help to overcome any barriers to attainment.
- Improved pupil motivation and self-confidence, attendance and engagement with education; and
- Clearly defined objectives, including the next steps following the placement such as reintegration in to mainstream education, further education, training or employment.

DFE Registration Requirements

Alternative Provision can be registered with the DFE of unregistered. The DFE guidance states that a provider should be registered as an independent school if it meets the criteria for registration are that it provides full-time (over 17 hours) education for:

- five or more pupils of compulsory school age.
- one or more pupils of compulsory school age with an education, health and care plan or
- one or more pupils of compulsory school age who are looked after.

Full time is considered to be more than 15 hours and includes any transport that the provider is providing.

However, an institution would also be considered to be providing full-time education “if it is intended to provide, or does provide, all, or substantially all, of a child’s education”

Relevant factors in determining whether education is full-time include:

- a) The number of hours per week that is provided – including breaks and independent study time;
- b) The number of weeks in the academic term/year the education is provided;
- c) The time of day it is provided;

- d) Whether the education provision in practice precludes the possibility that full-time education could be provided elsewhere.

Where a provider does not meet the criteria for registration, for example, by providing only part-time education there is no requirement to register. Schools can use unregistered Alternative Provision but should assure themselves through their due diligence and quality assurance that a provider is not operating illegally. If schools suspect that a provider is operating as an unregistered provider and is in breach of the conditions outlined above, please contact N.Bell@Bury.Gov.uk to discuss further.

Powers of schools to direct a pupil off-site for education to improve behaviour.

The DFE Suspension and Exclusion Guidance 2023 sets out schools' powers to use off-site direction.

The guidance states that:

- Where interventions or targeted support have not been successful in improving a pupil's behaviour, off-site direction should be used to arrange time limited placements at alternative provision or another mainstream school.
- During the off-site direction the pupil must be dual registered
- Code B should be used if the provision is an approved educational activity that does not involve the pupil being registered at any other school.
- Depending on the needs and circumstances of the pupil, off-site direction into alternative provision can be full-time or a combination of part-time support in alternative provision and continued mainstream education.
- A proposed maximum period of time should be discussed and agreed as part of the planning and alternative options should be considered, as part of the planning, upon review of the time limit.
- The governing body must show regard to Alternative Provision: Statutory guidance for local authorities, headteachers and governing bodies.
- For maintained schools the governing body must ensure that parents are provided with written notification about the placement. For pupils with an EHC plan the local authority can request, in writing, that the governing body hold a review meeting. When this happens, the governing body must comply unless a review meeting has taken place within the last 10 weeks.
- The governing body must ensure that the school ensures regular review meetings that parents are invited to.
- Any other agencies that may be working with the young person such as pupil's social worker, CAMHS, CST, YOY, should be invited to all review meetings to ensure a coherent plan is in place to meet the young person's needs.
- The governing body must provide written notification of their decision as to whether the requirement to maintain the placement should continue and if so, for what period of time.

The Bury Alternative Provision Directory

Bury has an established framework of alternative education providers which is renewed on a regular basis. Providers on the framework are subject to a procurement process and annual due diligence checks.

- Where the provision is being directly commissioned by the Local Authority this must follow the correct internal processes and the provider must be on the directory.
- Schools may use providers on the framework but can also commission other providers.

The Directory is intended to make it easier to identify providers within the area and to match provision to need and is arranged into six "Lots"

1. Full-time Secondary Alternative Provision
2. Full-time Primary Alternative Provision
3. Key Stage 3 Turnaround Provision
4. Vocational Provision
5. Tutoring
6. Complimentary Provision including mentoring.

Commissioning Provision

The responsibility for the alternative provision rests with the commissioner. Where this is a school, the school should ensure it has completed its own due diligence and quality assurance checks.

In choosing a placement the commissioner should pay regard to statutory guidance and ensure that:

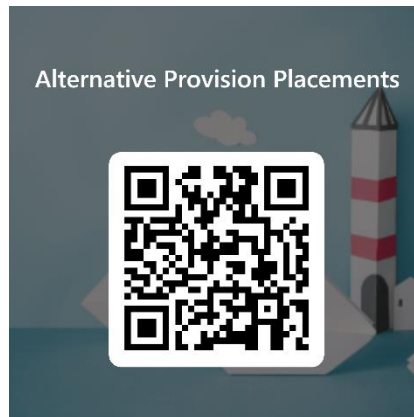

- The nature of the intervention, its objectives and the timeline to achieve these objectives should be clear agreed and clearly defined.
- It should be clear, in choosing a certain provision, how that provision meets the young person's needs.
- Progress against the objectives outlined at the start should be regularly reviewed.
- Regular reviews should be organised and planning for the next stage of the young person's education/life should be incorporated into these reviews.
- All relevant information should be shared with providers to ensure that appropriate provision can be made.
- Where necessary risk assessments should be completed and shared.
- Where a provider is proposing to work in a public place with a young person as part of the programme, a full risk assessment should be carried out as part of the commissioning process.
- Commissioners must ensure at the start of the placement that the process for reporting on attendance and safeguarding issues has been clearly identified.
- Commissioners must maintain on-going contact with the provider and pupil with clear procedures in place to exchange information, monitor progress and provide pastoral support.
- Once a placement is agreed the school maintains responsibility for safeguarding, child protection and attendance monitoring.
- Where the pupil has an EHCP, the school must ensure that the provision meets the needs identified in the plan.
- Where the intended outcome of the placement is a reintegration into school, this should be carefully planned as part of the review process.

Informing the local authority of placements

In order to ensure that the local authority is able to maintain an overview of all Alternative Provision placements for Bury children, schools are asked to notify the Local Authority of any such placements using the link or QR code below.

This will enable the Local authority to effectively monitor number of pupils in providers in order to ensure that the statutory guidelines are followed.

<https://forms.office.com/e/jKTBUwJ21g>

Where schools or local authority officers have a concern about a provider on the directory, they are asked to contact n.bell@Bury.gov.uk as soon as possible to discuss their concern.

Directory

The Directory is categorised under 6 Lots. These are as follows:

Lot	Specification
1	<u>Secondary Full-Time Alternative Provision</u>
2	<u>Primary Full-Time Alternative Provision</u>
3	<u>Key Stage 3 Turn Around Intervention</u>
4	<u>Part-time Vocational Provision</u>
5	<u>Tutoring (Primary and Secondary)</u>
6	<u>Complimentary Provision including mentoring</u>
	<u>Provider A-Z</u>

Lot 1

Secondary Full-Time

Providers will be expected to provide the following: -

- Up to 25 hours of provision.
- Minimum of 5 suitable and accredited qualifications provided.
- Accredited English and Maths qualifications provided either at GCSE or Functional Skills
- Registered as an independent school.

Additional Requirement/s

1. All staff are required to hold the relevant teaching and vocational qualifications for the sectors in which they are delivering.
2. Whilst Providers are not required to be based in Bury, all alternative provision activities for the pupil should be based in Bury or within a reasonable travelling distance of Bury.

Sophia High	Registered online

Lot 2 Primary Full-Time

- Up to 25 hours of provision available
- Age-appropriate curriculum in place with focus on numeracy and literacy
- Phonics teaching in place dependant on the young person's age and development.
- Interventions in place to support reintegration to mainstream school following placement.
- Creative and therapeutic options such as Music, Art, Play and Lego Therapy would be advantageous.
- Registered as an independent school.

Additional Requirement/s

1. All staff are required to hold the relevant teaching and vocational qualifications for the sectors in which they are delivering.
2. Whilst Providers are not required to be based in Bury, all alternative provision activities for the pupil should be based in Bury or within a reasonable travelling distance of Bury.

Providers for Lot: Click on names for full details.

Bolton Impact Trust	
Sophia High	Registered online

Lot 3: Key Stage 3 Turnaround Intervention

Providers will be expected to provide the following: -

- An offer of a short-term intervention for all or part of the week.
- The purpose of the placement is to support the identification of young person’s needs with a view to returning to school after a fixed period. Students who access such provision may be at risk of exclusion and require a short intervention to support them to remain in school.
- Full or part-time provision up to a maximum of 25 hours, for a fixed period of time.
- Numeracy and literacy assessment and intervention to be included as part of the intervention.
- Social, emotional skills to be assessed as part of the provision with specific intervention in place to support the young person’s development.
- Full report including assessment information and strategies to support the young person to succeed in school provided at the end of a placement in order to support school reintegration.

Additional Requirement/s

1. All staff are required to hold the relevant teaching and vocational qualifications for the sectors in which they are delivering.
2. Whilst Providers are not required to be based in Bury, all alternative provision activities for the pupil should be based in Bury or within a reasonable travelling distance of Bury.

Lot 4

Part-Time Vocational Provision including but not limited to the primary areas - Hair and Beauty, Music, Construction, Mechanics, Sports.

Providers will be expected to provide the following: -

- Enhancement of the school curriculum and enable a young person to develop vocational skills to support them towards further education and training.
- This provision may be for 1-3 days per week (up to 17 hours per week).
- A day placement is defined as 5 hours per day.
- To include accreditation relevant to the specific vocational area.
- Opportunities to undertake associated and relevant qualifications such as Health and Safety, First Aid etc. where appropriate.
- Where a pupil is placed for a longer period such as three days, an Eng and Maths offer would be advantageous.
- Offer to include support and advice for the young person to access the next stage of education in their area of interest and towards pathways into further education.
- Other areas of vocation will be considered where a need is identified.

Additional Requirement/s

1. All staff are required to hold the relevant teaching and vocational qualifications for the sectors in which they are delivering.
2. Whilst Providers are not required to be based in Bury, all alternative provision activities for the pupil should be based in Bury or within a reasonable travelling distance of Bury.

The Beauty Project	Hair and Beauty
Thompsons Academy Navigators	
The Therapy Adventure	

Lot 5: Tutoring (Primary and Secondary)

Providers will be expected to provide the following: -

- A tutoring provision delivered by qualified teachers to support the school curriculum and/or the specific needs of a pupil. Programmes are usually bespoke and delivered to individuals or very small groups.
- A Tutoring Service is required to provide high quality teaching for individuals or very small groups who are currently out of school and/or struggling to engage within a wider group-based provision or where it is felt that a one-to-one service is required to meet the young person's needs.
- A Tutoring programme will be bespoke to needs of the child/young person and may be required where a young person is unable to attend mainstream education for a period of time, due to medical need or exclusion or where a subject intervention is required to enhance their curriculum experience.
- The child/young person will need appropriately planned, age related teaching to ensure that they are able to achieve to their potential and so not fall behind their peers.

The majority of referrals will be short-term – for example between a week and a school term. However, this will be dependent on the individual's needs and education plan.

Additional Requirement/s

1. In all cases where the tutor is required to teach National Curriculum subjects, providers must ensure that tutors are appropriately qualified and are able to teach up to the required standard in Mathematics and English as a minimum.
2. Providers will be required in their bid to specify the venues from where they will provide tutoring. Tutoring should take place in Bury, either at the official venue of the tutoring provider, or a suitable alternative venue in Bury. It is inappropriate for any tutoring to take place in a public place or facility unless agreed as part of the commission and appropriate risk assessments have been undertaken.

Lot 6: Complementary Provision (including mentoring)

Providers will be expected to provide the following: -

- A bespoke and personalised programme of proactive support, approved therapies, mentoring and/or coaching, which are offered to pupils to enhance their learning experience, engagement and personal development.
- Support or improve behaviour, attendance, and the re-integration of pupils into mainstream schools. It is expected that any services offered (including therapeutic provision) will be delivered by appropriately qualified and nationally accredited practitioners. This may be between one and three days up to a maximum of 17 hours per week (where one day is considered to be 5 hours)
- Provision may be 1:1 or group based. For example, providers may offer to deliver group-based interventions based on a given themes, either on a school site or an alternative location.
- The majority of referrals will be short-term – for example between a week and a school term. However, this will be dependent on the individual's needs and education plan.

The categories of targeted provision which are required to be offered under this lot are:

- Mentoring and coaching support to stabilise behaviour for learning.
- Mentoring and coaching support to develop trusting relationships between a key adult/professional and the child/young person with social, emotional, and mental health (SEMH)
- The provision will enhance the school curriculum and be clearly defined in terms of the intervention. Where possible such interventions will lead to vocational qualifications such as food prep/catering, health and fitness, animal care, creative media, performing arts, music, sports leadership etc.
- Mentoring and coaching support to re-establish engagement in learning, initially through activities of the child/young person's own choice and/or interest which will lead to engaging with activities chosen by the adults.

Where therapeutic interventions are needed to address SEMH, these may include:

- Lego or play therapy.
- Music therapy
- Art therapy
- Animal therapies
- Sports therapies

Additional Requirement/s

1. Providers should demonstrate that they have flexibility to personalise their provision to reflect the interests of the child/young person for the purpose of engagement rather than a fixed offer of activities.
2. Mentoring and coaching should take place in Bury, either at the official venue of the provider, or a suitable alternative venue in Bury. It is inappropriate for any mentoring or coaching to take place in a public place or facility. It is expected that any transport costs would be as part of the provision, unless agreed with the commissioner following a detailed risk assessment.
3. Providers must have relevant qualifications to deliver the therapies which they offer.

Details

Academy21 is part of the Inspired Online Schools Group, the UK's largest live, online primary, and secondary education provider. Each year we work with hundreds of schools and thousands of learners across more than 130 local authority areas. Established in 2012, we provide live, interactive online teaching to learners in KS3 and KS4 on a short-, medium- or long-term basis. We are also able to provide KS2 and KS5 provision through our sister school King's Interhigh.

Through our services, we support learners with EBSA and anxiety, learners who are disengaged or at risk of exclusion, vulnerable young people, those with chronic medical needs, and many more learners facing their own unique challenges.

Provision can be delivered anywhere where there is access to a laptop/computer and a suitable broadband connection (home, approved centre, or school). Learners remain on roll with all attendance and progress data provided 24/7 to the designated school or local authority officer via online reporting systems.

We accept referrals throughout the academic year from schools, educational organisations, and local authorities (LAs). Our efficient online referral form guarantees that the referral process will be completed swiftly, typically within two working days.

Our provision is:

- *Personalised to individual pupils' needs.*
- *Flexible and suitable for long and short-term requirements.*
- *Supportive, our teachers are experienced in delivering AP for pupils who may have high levels of anxiety or who may have disengaged from learning.*
- *Academically focused with a broad and balanced curriculum.*
- *Delivered live, through our custom-built platform by qualified and experienced subject specialists.*
- *Supported with user-friendly portals, which give access to resources, recordings, and a wide range of reports for mentors.*

Academy21 can accept referrals at any point during the academic year. As the children/young people remain on roll with the commissioning school or local authority examination entries remain their responsibility.

We provide dedicated support through the examination entry process, and it is a mandatory requirement for enrolment to Academy21 that any child/young person in the exam year has a nominated exams officer for us to liaise and work with.

Hours per week, weeks per year, FT, PT (*Please include a sample timetable where appropriate*)

We operate a 38-week academic year with classes running throughout term time from 9.05 - 15.55 across a range of subjects.

KS3 and KS4 Lesson Structure Per Subject

Description	Days	Sessions	Total
Live Lessons	Mon – Thu	4 x 40 mins	160 mins per subject per week

Details

Lot 3 - Ace Education Manchester is an alternative provision and mentoring service based in Manchester City Centre. Since March 2023, we have offered short-term placements to KS3 students with the aim of preparing them to re-integrate back into full-time mainstream education. A range of methods are used to support this re-integration. These include but are not limited to personalised behaviour mentoring, social and emotional skills assessments with internal baseline assessments to support the identification of additional needs, reflective practice and adaptive teaching delivered to small classes.

Lot 4 – We offer part-time alternative provision to KS3 and KS4 across our three Manchester City Centre sites. Included with our alternative provision offer, all students access behaviour mentoring from qualified staff. Students learn in small class sizes across a range of subjects including English, Maths, PSHE, Sport, History and ICT. At KS4, students prepare for their English and Maths GCSEs as well as additional support with coursework sent from their mainstream school. KS4 students can access a range of qualifications with us. These include:

- **Entry Level to Level 2 English and Maths**
- **YMCA Level 1 Award in Employability and Personal Development**
- **YMCA Level 1/2 in Sport and Physical Activity**
- **BTEC in Personal Growth and Wellbeing**
- **BABTEC Accredited Beauty Therapy Courses**

Lot 6 – Our bespoke, outcome driven mentoring programs are delivered across multiple local councils. We provide personalised mentoring to support young people with a range of challenges including attendance, behaviour, engagement and re-integration. A range of methods are used to build relationships with our students including sport and educational activities.

Staff ratio/group sizes

KS3 – 1/3-4

KS4 – 1/6**Qualifications offered**

- **Entry Level to Level 2 English and Maths**

Details

Lot 1 Secondary

Youth Challenge is an Ofsted registered outstanding alternative educational provision for Key Stage 3 & 4 pupils aged 11 - 16 years which is part of The Bolton Impact Trust. We are based in the Smithills area of Bolton which is easily accessible from Bolton Town Centre.

We provide medium to longer-term support for students who have been ‘Permanently Excluded’ and shorter-term support for those designated as Pupil's At Risk of Exclusion.

For KS3 pupils, we want them to be able to successfully reintegrate into the mainstream curriculum. English, maths and PSHE are taught explicitly. Humanities and science are taught together which include the core learning from history, geography and science and is taught through a thematically linked approach. We use sport as an opportunity to teach resilience, teamwork, problem solving and use a variety of sporting venues to practice social skills and enhance cultural capital.

At KS4 we want our students to leave us as functionally literate and numerate young adults capable of independence and personal success in whatever avenue they choose, consequently, we offer a functional skills qualification in English and maths. Students can also study English and maths at GCSE level. At KS4, students select two BTEC options to study; these are linked to industries of interest to our students including construction, land base studies, hair and beauty, sport and catering and hospitality. They work to gain employment skills and acquire a BTEC qualification that will enable them to access post 16 destinations linked to these areas at a higher level. We are a registered Duke of Edinburgh centre and aim to address resilience and stick-ability through our delivery of the programme at bronze level. Year 11 students who join us in the latter part of the year, often sit exams in a variety of subjects that we do not usually deliver. We support the preparation of this by liaising closely with mainstream colleagues, calling on staff expertise, sourcing and providing resources and making personalised amendments to student timetables to create extra spaces for learning. Our cultural capital and ECM curriculum ensures that our students are not disadvantaged by a lack of opportunity or exposure to events, experiences, cultures or subject matter.

For students who will conclude their secondary education at Youth Challenge, we put a large emphasis on providing the keys to ‘open doors’ to future opportunities. We have a robust careers curriculum incorporating skills for independent living, and all students access a Connexions advisor.

Lot 2 Primary

The Forwards Centre is an Ofsted Registered Good Alternative Provision working with KS1 and KS2 pupils. It is based in the Brightmet area of Bolton which borders the borough of Bury. Pupils are transported by the LA that commissions their place. We offer both full-time places and part-time places. Our work is based around a set of key principles:

- We will help you understand your emotions and try never to put you in a situation that will make you anxious or distressed.
- We will help you understand that learning new things means trying hard and making lots of mistakes and send you home each day with a new set of genuine, positive, happy memories.
- We will help you build relationships and make friends.
- We will provide a kind, understanding place where you feel accepted and safe enough to make long lasting, positive changes to your life.

Our full-time offer:

- Full-time alternative provision for primary aged pupils experiencing difficulties in their mainstream schools because of their social, emotional and mental health (SEMH) needs. The majority of pupils have been excluded or have been at serious risk of exclusion from their mainstream school (includes day 6 provision and provision for pupils with EHCP's)
- Pupils are aged from Y1 to Y6 and typically spend a period in the centre before either returning to mainstream education or moving on to specialist provision.
- A broad and engaging primary curriculum.
- Thorough academic baselining to ensure that each child receives an individualised core maths/English programme of work.
- Each child will also receive individualised provision based on all the professional advice available.
- As one of the services working with a child, we engage fully with any multi-agency work and provide written information in support of any applications or submissions made by schools.

Our part-time offer:

- The Bridge at the Forwards Centre offers part-time alternative provision. Pupils are dual registered and attend the centre two days a week and their mainstream school for three days a week.
- The provision is for KS2 pupils and adopts an early intervention model of support to enable children to remain successfully in their mainstream school setting wherever possible.
- Placements are typically one or two terms with the goal of returning pupils to their mainstream school or to support the transition to appropriate specialised provision. Bridge staff support part-time pupils in their mainstream schools on Friday's.

The Forwards Centre has a two-year rolling programme with a breadth comparable to the national curriculum along with the additional width that comes with working on an individual basis on barriers to success with excluded pupils with social emotional and mental health needs. We have a two-year rolling curricular programme which incorporates Reading, writing, maths, science, PSHE, computing, Humanities (History and Geography), the Arts (Art and Music). All our staff are trained to deliver phonics and reading features daily in pupil's timetables.

Staff ratio/group sizes

1 teacher, up to 2 Learning Mentors, class sizes of around 8 pupils

Qualifications offered.

Lot 6 (complimentary: Sports based mentoring)

We are a registered charity specialising in various combat sports and sports based mentoring. We offer various sports including Circuit Training, Boxing / Boxercise, Wrestling, Muay-Thai, Fencing, Mixed Martial Arts, Brazilian Jiu-Jitsu and more.

We can combine the above Sports offers alongside mentoring. We have 2 onsite mentors who combine the above Sport with discussions with students regarding their behaviour and attitude whilst challenging them on their attendance / punctuality at school, lack of confidence and low aspirations.

We are able to provide stand alone sports classes for small groups of challenging students or alternatively a combined sports and mentoring project for individual or small groups of students.

Staff ratio/group sizes:

For more challenging students: 1 instructor for up to 6 students for sport with mentoring offer combined

1 to 1 training and mentoring also available

2 members of staff to be onsite at all times (charity manager alongside instructor / mentor.

Qualifications offered

Boxing Awards qualifications available for students upon request:

<https://www.boxingawards.co.uk/>

Hours per week, weeks per year, FT, PT (*Please include a sample timetable where appropriate*)

Flexible offer: facilities include 2 classrooms, Boxing gym and Martial Arts area. Available part time during term time.

Details

Lot 4:

C&M Alternative Provision can offer a variety of qualifications and accreditations including GCSE, ASDAN and AQA award units, Functional Skills but not limited to.

We can focus the intervention on a more vocational input alongside a pupil attending a mainstream school if that is requested.

At our premises we can deliver more vocational qualifications (alongside core subjects if required) including joinery, horticulture, electrics, sport, food technology, hair and beauty and bike maintenance.

Our provision is based in Radcliffe and children are transported to and from the provision. This clearly helps with attendance; positive engagement and often safeguarding concerns can be discussed in the first instance. As part of the intervention, we will endeavour, in the future, to empower individuals to travel independently if this is felt to be appropriate moving towards integration into the appropriate school setting.

There is a referral system in place to ensure that we can meet the needs of young people that we are consulted about. As part of this process a referral is provided by the commissioner, an assessment home visit is arranged and completed (usually within 48 hours) , and the young person and their family or carer are invited to visit the provision. We appreciate that all young people have individual needs, so we aim to create a tailored strategy to identify what will work for each child and family.

We use a combination of tried and tested traditional methods whilst embracing new and developing ideas to deliver an individually focused intervention.

Whilst remaining focused on the aims in the referral, we will look to be flexible in utilising a variety of alternative interventions to engage young people in most appropriate learning environment, alongside the formal academic input.

We pride ourselves on our timeless communication and report writing skills to keep the commissioning agency always updated. (Providing weekly reports)

We work closely with schools and partner agencies attending all planning and review meetings to contribute effectively.

We have excellent on-site facilities with exclusive use of a gym for constructive leisure activities (including boxing), team building, delivery of Asdan accreditation and AQA award units in physical education.

To enable young people to achieve their maximum potential several barriers that are preventing this can be addressed by our service. These include self-esteem, confidence

building, offending behaviour, anti-social behaviour, crime and disorder, restorative justice, substance misuse, sexual health via one-to-one core subject tuition; whilst still studying core subjects.

We also deliver (CBT) Cognitive Behaviour Therapy to identified individuals.

All members of the team hold professional qualifications in their area of expertise and specialism that include teachers, Psychologists, Social Workers, Criminal Justice, Youth and Community workers and Health and Safety co-ordinators. Several of the team also have additional qualifications in working with children with additional needs, ADHD, SEMH, SEND and autism.

All team members have relevant Safeguarding training and there are identified DSL and DDSL.

As a company we recognise that safeguarding is a number one priority when working with vulnerable children.

Several team members are also Substance Misuse trained to at least tier two. Experience shows that this more holistic approach assists with engagement and can address several issues that are a barrier to a young person's engagement with education.

Social, education and emotional needs are considered and always addressed to then enable a young person to access the appropriate environment for them to continue their journey of learning.

Appropriate support will be provided in identifying next steps for young people in further education or apprenticeship opportunities.

We are linked to several employers and can offer supported work placements.

Lot 5:

Qualified teachers to offer tutoring at our provision.

There is a referral system in place to ensure that we can meet the needs of young people that we are consulted about. As part of this process a referral is provided by the commissioner, an assessment home visit is completed, and the young person and their family or carer are invited to visit the provision.

Our provision is based in Radcliffe and children are transported to and from the venue. This clearly helps with attendance; positive engagement and often safeguarding concerns can be discussed in the first instance. As part of the intervention, we will endeavour in the future to empower individuals to travel independently if this is felt to be appropriate moving towards integration into the appropriate school setting.

An assessment can be carried out by one of our qualified teachers to ensure that the intervention is being delivered at the appropriate level.

They can follow the school curriculum to meet the needs of a pupil.

We can deliver bespoke programmes and deliver to individuals or very small groups.

We pride ourselves on our timeless communication and report writing skills to keep the commissioning agency always updated. (Providing weekly reports)

We work closely with schools and partner agencies attending all planning and review meetings to contribute effectively.

We offer a variety of qualifications and accreditations including GCSE, ASDAN and AQA award units, Functional Skills but not limited to. We cover a wide range of GCSE subjects with our diverse teaching team.

All team members have relevant Safeguarding training and there are identified DSL and DDSL.

As a company we recognise that safeguarding is a number one priority when working with

vulnerable children.

We also deliver (CBT) Cognitive Behaviour Therapy to identified individuals.

All members of the team hold professional qualifications in their area of expertise and specialism that include teachers, Psychologists, Social Workers, Criminal Justice, Youth and Community workers and Health and Safety co-ordinators. Several of the team also have additional qualifications in working with children with additional needs, ADHD, SEMH, SEND and autism.

Social, education and emotional needs are considered and always addressed to then enable a young person to access the appropriate environment for them to continue their journey of learning.

Appropriate support will be provided in identifying next steps for young people in further education or apprenticeship opportunities.

Lot 6:

C&M Alternative Provision LTD can offer a mentoring service to overcome several barriers to engagement that include self-harm, school refuser, breakdown of placement but not limited to.

At our premises we can deliver more vocational qualifications (alongside core subjects if required) including joinery, horticulture, electrics, sport, food technology, hair and beauty, art and bike maintenance.

We also offer several off-site interventions to meet the needs of the pupils that we work with, and these include horse riding, School of Rock, farm visits and recreational activities. (This is often the case if attending our provision is initially 'too big a commitment'.

Our provision is based in Radcliffe and children are transported to and from the venue. This clearly helps with attendance; positive engagement and often safeguarding concerns can be discussed in the first instance. As part of the intervention, we will endeavour in the future to empower individuals to travel independently if this is felt to be appropriate moving towards integration into the appropriate school setting.

There is a referral system in place to ensure that we can meet the needs of young people that we are consulted about. As part of this process a referral is provided by the commissioner, an assessment home visit is completed, and the young person and their family or carer are invited to visit the provision.

We appreciate that all young people have individual needs, so we aim to create a tailored strategy to identify what will work for each child and family.

Details

Our Forest School alternative provision long term programmes delivered at our woodland sites are designed for children and young people experiencing barriers to learning in a school setting.

We are experienced in working with children with a range of needs including:

- ASD
- ADHD
- Anxiety
- Past trauma

Our child-led therapeutic play approach focuses on:

providing a natural space of trust and safety
nurturing children's passions and interests
developing confidence and resilience
supporting with coping strategies and self-regulation techniques
enabling each child to be themselves

Children that have attended our programmes have shown an improvement on both their attainment and attendance at school.

We deliver our programmes throughout the year - experiencing all weathers and seasons.

John Muir Award

We are a delivery partner for the John Muir Award. Children can take part in the four Challenges (Discover, Explore, Conserve, Share) which promotes a holistic approach to outdoor experiences.

AQA Unit Award scheme (UAS)

UAS is offered by AQA as a recognition of achievement. The scheme is shown to motivate, encourage, engage, support and raise self-esteem. Learners of any age or ability can access UAS. Units include bushcraft, horticulture cooking, survival and woodland management.

Staff ratio/group sizes

Minimum 2 adults: 5 children
(depends on SEND)

Qualifications offered.

- John Muir
- AQA Unit Award Scheme
- National curriculum-based outdoor education
- Forest School

Key Stage 3 Turnaround

The vocational provision will be design in collaboration with the commissioning school or authority in order to meet the learner needs whether 1:1 or group based.

We are able to design and personalise the delivery to include the learner vocational interest of either Hair & Beauty and Sports Coaching whilst also embedding personal and social development, literacy, numeracy and digital skills.

DFA take the approach of the learner having input and ownership into the design of their education and we use a triangulated approach through referral and initial assessment processes to design a programme that they are invested in.

Programmes within this lot will run for maximum 3 days per week (5-hour days= 15 hours per week maximum).

Vocational outcomes to be achieved are the achievement of a vocational introductory accredited qualification that will advantage them in seeking apprenticeship for their chosen vocational pathway, academic progress expected would be progress made towards literacy and numeracy with the possibility of the achievement of a functional skills qualification if it is decided that the learner is unable to attain a GCSE.

Embedded into all programmes.

- Future career aspirations/exploration
- Soft skills- confidence building, self-awareness, team working, resilience, problem solving.
- Healthy Lifestyle
- Life skills, daily routines
- Managing social relationships / Managing emotions
- Online safety
- Sex education
- PSHE/Safeguarding topics- county lines, involvement with criminal gangs, knife crime, online safety, consent, sexual exploitation.
- Career exploration

Vocational

The vocational provision will be design in collaboration with the commissioning school or authority in order to meet the learner needs whether 1:1 or group based.

We are able to design and personalise the delivery to include the learner vocational interest of either Hair & Beauty and Sports Coaching whilst also embedding personal and social development, literacy, numeracy and digital skills.

DFA take the approach of the learner having input and ownership into the design of their education and we use a triangulated approach through referral and initial assessment processes to design a programme that they are invested in.

Programmes within this lot will run for maximum 3 days per week (5-hour days= 15 hours per week maximum).

Vocational outcomes to be achieved are the achievement of a vocational introductory accredited qualification that will advantage them in seeking apprenticeship for their chosen vocational pathway, academic progress expected would be progress made towards literacy and numeracy with the possibility of the achievement of a functional skills qualification if it is decided that the learner is unable to attain a GCSE.

Complimentary

The complimentary provision will be design in collaboration with the commissioning school or authority in order to meet the learner needs whether 1:1 or group based.

These interventions can be long term or short term and would be designed up to a maximum 17 hour per week.

We are able to design and personalise the delivery to include the learner interests that also include the vocational areas of sport and Hair and beauty.

DFA take the approach of the learner having input and ownership into the design of their education and we use a triangulated approach through referral and initial assessment processes to design a programme that they are invested in.

DFA have experience of delivering the following programmes complimentary to the delivering the following programmes complimentary to the delivery of mainstream schooling.

We have had successful outcomes within the school referenced with recent surveys referencing data such as.

- 100% achievement of accredited qualification
- Improved engagements in core curriculum subjects
- 100% learner reported improved confidence levels
- 90% recorded improved time keeping to mandatory core curriculum mainstream lessons
- 89% reported improved communication skills
- 78% key workers reported improved behaviours and attitudes from the students.

Embedded into all programmes.

- Future career aspirations/exploration
- Soft skills- confidence building, self-awareness, team working, resilience, problem solving.
- Healthy Lifestyle
- Life skills, daily routines
- Managing social relationships / Managing emotions
- Online safety
- Sex education
- PSHE/Safeguarding topics- county lines, involvement with criminal gangs, knife crime, online safety, consent, sexual exploitation.
- Career exploration

Details :At Ed for All understand the many potential barriers young people face with education. We support our students by helping them address their challenges in a safe environment and equip them with the social and emotional tools to overcome them and enable their full potential. We have different packages available, all of which are based on one-to-one contact with an assigned mentor. We believe this consistency is imperative to ensure any package is delivered effectively.

We offer support to students with a range of needs including ADHD, ADD, autism, developmental trauma, attachment difficulties, Sensory processing, dyslexia, anxiety, amongst others.

Our sessions operate both as an outreach service and through our therapeutic base in Rochdale. We have several packages available to cover the whole scope of a child's journey through education, we have staff that specialise in each age group that deliver each package.

We have four tailored packages to cover across all age groups. Each package has its own bespoke curriculum which can be tailored to the individual referred.

Primary package - Learn, play, Develop (4-11)

Intense mentoring service (11-16)

Tutoring (primary and secondary)

Post 16 (16+)

All packages include:

- A thorough referral process, including an initial consultation with professionals, concluded with a home visit to enable us to identify the perfect mentor to meet need.
- Daily, detailed session reports shared with all professionals involved.
- Six weekly reviews meetings.
- A request for an SDQ to be completed by the appropriate setting and parent/carer, which will score and identify the area of need to focus on during our sessions.
- Ed for All DSL will attend multi agency meetings where required.
- Programmes are for a minimum of six weeks.
- Programmes are between 2-4 sessions per week (3 hours per session)

How we support:

Through our referral process and using the outcomes from the completed SDQ's, we will create an individualised plan to support the student. The plan will be created collectively with the professionals involved but will include sessions that:

- Focus on the student developing a relationship with their mentor where they will feel , safe, secure and connected.
- Promote positive experiences and successes.
- Promote the development of skills identified as an area of difficulty on the SDQ.
- Promote engagement in learning.
- Place a level of support and challenge on the student.

- Support the student within the educational setting.
- Support the reintegration or transition to a setting.

We have been a 100% success rate at reengaging our students back into education.

Staff ratio/group sizes

1:1 mentoring or 2:1 mentoring.

Details

Under the Heads of School, the qualified teachers, trainee teachers and youth support have a good understanding of pedagogy and adapt to the learning needs of our pupils. They make every effort to ensure that standards for teaching and learning are met, and that pupils progress as they should when in their classes. They too are familiar with the needs of referring schools and prepare the relevant data each half term. The staff at the KS3/4 sites now have great success in dealing with and administrating GCSE exams. We have a 100% success rate at getting our student to GCSE awards and 94% success rate in achieving grades in 5 or more subjects. Our post 16 destinations of sustainable and long-term placements are currently 94%. Our staff have experience of contributing to multi agency meetings, having worked with many complex young people and families both with EdStart and often in their previous employment. At any given time, we have several young people who are LAC for whom their Personal Tutors are responsible for attending, facilitating and arranging various multi agency meetings as part of their job role. This is a significant part of the service provided and one that the company prides itself on contributing towards. Some examples of the experience of our staff are as follows: Contributing to the design and review of PEP's; LAC reviews; Child Protection Case Conferences; Core Group Meetings; Strategy meetings; and EHC Reviews.

Our Core Provision is aimed at catering for a range of complex needs that may be presented to us, for example those that are permanently excluded, those with statements of special educational needs, or other reasons that prevent them accessing and achieving in mainstream education. Its aim is to (re)engage the young person, allowing them to view education as a positive experience, increasing the likeliness of them becoming a lifelong learner and extending their time in education beyond the compulsory age. This involves core subject assessments, self-esteem and aspiration assessment, learning styles assessment, self-assessment of own communication and learning ability, drawing up an Individual Learning Plan (ILP). All of these are recorded within the ILP, shaping the individual's curriculum, personal, social and emotional support, and their general daily activities within the provision. The results also enable us to identify barriers to education faced in the past, setting targets and desired outcomes, both short term (weekly, termly, yearly) and long term (Y10 / 11 and beyond). The ILP belongs to the students and is theirs to track their development. It is revisited termly, where progress is tracked and recorded, with new targets being set accordingly.

Capacity of Provision per day	We work on 1-1 or 1-2 basis only with pupils in home and community.
Does your provision have a SENCO	Yes
Delivery location	Pupils home or community room
Is Transport provided	No

Please provide a summary of the provision you offer for each lot
<p>Details</p> <p>Key Stage 3- Our focus is on providing a relevant tutor/mentor that will build a good rapport and mentor the pupil, they will identify the needs and work with them on their social and emotional skills and to see the value of the education that we and the school is providing. Our provision will be based either in the school working to support the pupil to remain on roll, if this is not possible it will be in their home or local community venue. Our aim is a short turn-around for reintegration. The tuition will be up to 15 hours a week. We will provide a Base Line assessment to understand gaps in English and maths and support them to develop the confidence and skills to help close these gaps. All our staff hold the relevant qualifications to match the needs – for example QTS, SEN specialism or counselling qualifications. Interventions are based on Individual need. All tutors are based locally.</p> <p>Tutoring - Our tutoring provision is delivered by qualified teachers to support the school curriculum and/or the specific needs of a pupil. Programmes are usually bespoke and delivered to individuals or very small groups. Our service caters for individuals or very small groups who are currently out of school and/or struggling to engage within a wider group-based provision or where it is felt that a one-to-one service is a better requirement to meet the young person's needs. Our Tutoring programme is bespoke to meet the needs of the child/young person and is used where a young person is unable to attend mainstream education for a period of time, due to medical need or exclusion or where a subject intervention is required to enhance their curriculum knowledge. We offer need appropriately planned, age related teaching to ensure that the young person is able to achieve to their potential and so not fall behind their peers.</p> <p>Our tutors can cover a number of subjects but as a minimum they have the appropriate qualifications and skills to be able to teach Mathematics and English.</p> <p>Tutoring should take place in Bury, either at the pupils' home, or a suitable alternative venue agreed with the school or/and parent. Any site used will be risk assessed.</p> <p>Lot 6 – We provide a bespoke and personalised programme of proactive support using approved therapies, mentors and/or coaching staff, with the aim of enhancing Young People's learning experience, engagement and personal development. We support or improve behaviour, attendance, with the aim of re-integration of pupils into mainstream schools. All services offered (including therapeutic provision) is delivered by qualified and nationally accredited practitioners. We usually offer this provision on a 1:1 or small group based. For example, we may offer to deliver group-based interventions based on a given themes, either on a school site or an alternative location. The length of the interventions will be dependent on the individual's needs and education plan.</p> <p>The following categories of targeted provision are offered:</p>

- Mentoring and coaching support to stabilise behaviour for learning.
- Mentoring and coaching support to develop trusting relationships between a key adult/professional and the child/young person with social, emotional, and mental health (SEMH)

We try to re-establish engagement in learning, initially through activities of the child/young person's own choice and/or interest we find this helps to build a rapport and is a kickstart to learning.

The therapeutic interventions we offer to address SEMH, may include:

- Lego or play therapy.
- Music therapy
- Art therapy
- Animal therapies
- Sports therapies

Our mentoring and coaching activities take place in Bury, either at the home, the therapist's location, or a suitable agreed alternative venue.

All our therapists have relevant qualifications to deliver the therapies which they offer.

Staff ratio/group sizes

We work mainly on a one to one/two basis student tutor ratio and we also offer small group up to five pupils in a hired venue near to the pupil's location.

Qualifications offered:

Functional skills all levels, and most vocational qualifications. We can offer GCSEs through a partner exam centre (prices are more expensive though)

Hours per week, weeks per year, FT, PT (Please include a sample timetable where appropriate)

We can provide up to 18 hours a week PT any day and all hours.

Capacity of Provision per day	1:1 ratio – we can take unlimited numbers of learners on a 1:1 basis.
Does your provision have a SENCO	No
Delivery location	Our provision is based on an interest-based model and is undertaken off-site, allowing us to deliver interventions in various settings that suit the needs of the young people we support. We will work closely with schools, local community centres, and other appropriate venues to provide accessible locations for our interventions, that provide a conducive learning environment for the young people we work with.
Is Transport provided	Yes - Our mentors collect and return the learners from their home address (or school when applicable) in each designated session.

Please provide a summary of the provision you offer for each lot
<p>Details:</p> <p>Key Stage 3 We provide specialised support to students during this crucial phase of their education. Our dedicated team of mentors and educators works closely with schools and students to identify areas of improvement and implement tailored intervention strategies focused on pupil's successful reintegration back into a mainstream setting. We focus on enhancing core skills, boosting academic performance, breaking barriers and nurturing personal development to empower students for future success.</p> <p>Complimentary Our mentors play a pivotal role in providing guidance, support, and encouragement to students. Our programmes span from KS2 to Post-16 and extend beyond academics to address personal development, emotional well-being, and social integration. Our young people are all unique and have different needs. Therefore, our programmes are all interest-led and designed around the young person to build trust, rapport and ultimately engage them. We believe that mentoring is a key component of nurturing well-rounded individuals who are prepared to face the challenges of life with confidence.</p>
<p>Staff ratio/group sizes:</p> <p>1:1</p>
<p>Qualifications offered: Our intervention includes a range of relevant subjects and courses tailored to meet the needs of learners. We offer comprehensive numeracy and literacy assessments and interventions around Functional Skills, utilising online learning platforms such as BKSB to assess current levels and identify learning gaps. Additionally, we provide vocational courses through ASDAN, enabling students to develop practical skills and explore their interests. Our mentoring programmes cover various areas, such as academic support, personal development (delivered around our Personal Development Curriculum), career guidance, and life skills.</p>

Hours per week, weeks per year, FT, PT (*Please include a sample timetable where appropriate*)

Our provision can be a minimum of 3 days per week for 3 hours per day. But we also offer 4/5-day programmes across the academic or full calendar year.

LOT 6: COMPLEMENTARY (INCLUDING MENTORING)

Details

Subjects, courses and qualifications offered.

Support, therapies, mentoring and coaching are offered for pupils aged 5-16 and for EAL, refugee, asylum-seeker and GRT young people, aged 16-19. National Curriculum teaching is also available, if appropriate. Provision can take place at Fair Futures or within the pupil's school.

Fair Futures offers SEMH and therapeutic support to promote more positive engagement with education, peers and their community. Provision offered will depend on the young person's needs and situation. A qualified therapist will lead assessment of need. Fair Futures offers:

Fair Futures' **Emotional Literacy Support Assistant (ELSA)** supports young people to understand and manage their own emotions and respect the feelings of others. ELSA support promotes engagement in learning and academic attainment.

Mentoring and coaching is provided by teachers or support workers with specific training in counselling and emotional support. This promotes stronger relationships and develops communication skills and resilience. It can support young people in changing their behaviours, helping to improve attendance and attainment.

Therapeutic support is offered by qualified, registered therapists, as follows:

Play therapy and **Creative arts therapy** support young people who have experienced disruption and adverse experiences. It can also alleviate behavioural and complex emotional difficulties.

DDP (Dyadic Developmental Psychotherapy) addresses attachment and relationship issues and the impact of developmental trauma. It can support both child and parents/carers.

Therapeutic Life Story Work (TLSW) is often used with children who have been adopted or otherwise removed from their immediate family. Placement breakdowns can make a child's life history feel extremely fragmented, with no sense of belonging. TLSW offers young people the opportunity to explore, question and understand past events, find their voice, feel and express emotions safely, making sense of past experiences and their relationship to current feelings and behaviour. TLSW often involves carers, helping the young person to understand their past and develop their future.

Improved engagement with learning
Increase in independence.

Teaching and support to promote reintegration to a mainstream school.			
Teaching and support for preparing for adulthood			
Staff ratio/group sizes			
One-to-one or up to three pupils per teacher/ practitioner, depending on the needs and ages of the pupils.

Please provide a summary of the provision you offer for each Lot

Details

Lot 4. ASDAN Vocational Taster short courses will be applied in line with the young person's interests and aspirations. The taster courses are multi-level and will provide a holistic inclusive structure, will be completely person-centred. The student will be supported by an Education Specialist who will support them throughout the placement and prepare for re-integration. A portfolio of evidence will be produced that the student can take forward to their next provision. Students will undertake base line assessments in English, mathematics and employability skills, accessing the Skills Forward Platform (NCFE).

Lot 5. 1:1 Person-Centred programmes that are tailored to meet individual needs and achieve positive outcomes. Each provision will be scheduled from a minimum of 9 hours a week up to 15 hours a week. Curricula content and venue will be in agreement with the school, parents/carers and student. The engagement and education placement will enhance the school curriculum and prepare the CYP for reintegration, ensuring that they are working in line with their peers.

Lot 6: A holistic, bespoke programme will be created that is person-centred, applying effective support interventions to motivate and inspire. The student's strengths and interests will be linked to programme content, incorporating bespoke enrichment activities within their local community. The main objective will be to provide community project-based activities, incorporating Fresh Start in Education's **1 Life – Your Journey** programme. The 1 Life structure is a mentoring programme created by Fresh Start for our students. Content is designed to inspire CYP, to build confidence and resilience, and to give them hope for their future.

Staff ratio/group sizes

1:1 working in the home environment or accessing a public venue such as libraries, Community Hubs, School Hubs, Leisure Centres etc. to meet the individual needs of the student we are working with.

Qualifications offered:

NCFE Functional Skills Qualifications in English, mathematics and ICT from Entry Level 1 to Level 2

Accredited ASDAN Short Courses: Core Subjects, Vocational Tasters, Work Related, informal such as Expressive Arts, Football and Personal Development.

Hours per week, weeks per year, FT, PT (*Please include a sample timetable where appropriate*)

1:1 programmes that can be scheduled Monday to Friday from 08:30 to 17:00

Details Summary of Provision by Lot

Lot 5: Tutoring for Primary & Secondary Aged Students

Tutoring Provision:

- **Target Group:** Primary and secondary students, including those out of school or struggling to engage in larger group settings.
- **Objective:** To support the school curriculum and address specific educational needs through high-quality, personalised teaching.
- **Delivery:**
 - **Qualified Teachers:** All tutoring is delivered by qualified teachers.
 - **Flexible Sessions:** Offer up to 18 hours or 2.5 days per week, based on the student's requirements.
 - **Individual and Small Groups:** Provide one-to-one or small group sessions to ensure focused attention and support.
- **Customisation:**
 - **Bespoke Programs:** Tailor tutoring programs to meet the individual needs of each student, whether due to medical needs, exclusions, or the need for subject-specific intervention.
 - **Age-Related Teaching:** Ensure teaching is appropriately planned and age-related to help students achieve their potential and stay on par with their peers.

Conclusion

JDS Tuition Services offers comprehensive and tailored support for students across different needs and age groups. Our provisions in each lot focus on personalised intervention, academic and behavioural support, and holistic development through mentoring and therapeutic approaches, ensuring each student receives the support necessary to succeed and reintegrate into their educational environments effectively

Staff ratio/group sizes

Tuition is based on 1:1 basis. This can be increased to 2:1 or 3:1 depending on the student's needs.

Details:

At JEP Youth Engagement, we have over a three of experience delivering Alternative Provision (AP) through the Flexible Support Programme (FSP) in collaboration with Salford, Trafford and Bolton Councils. We provide tailored educational support to approximately 108 young people each week, ranging from primary to secondary students, with engagement times spanning from one to five days per week and up to 16 hours.

Our services encompass a wide range of curriculum subjects, including Maths, English, Vocational Studies, Creative Arts, Humanities, Science, Health and Fitness, and the Duke of Edinburgh Award. We are particularly experienced in working with children with Special Educational Needs (SEN) and those with Education, Health and Care Plans (EHCPs), ensuring inclusive and personalised support for all learners.

In terms of service delivery volume, we have consistently maintained high levels of engagement, supporting hundreds of students since our inception. The outcomes delivered include significant improvements in academic performance, enhanced social and emotional well-being, and increased engagement in extracurricular activities such as the Duke of Edinburgh Award. Our provision outcomes have been externally validated through regular assessments and feedback from local authorities, demonstrating the efficacy and impact of our programmes.

From our prior delivery experience, we have learned the importance of flexibility and adaptability in meeting the diverse needs of our students. Continuous communication with stakeholders, including parents, schools, and local authorities, has been crucial in refining our approaches and ensuring the highest quality of support. We have also recognised the value of incorporating a holistic approach, addressing not only academic needs but also fostering creative, physical, and personal development.

Overall, our experience with Salford, Trafford and Bolton Councils has equipped us with the expertise and insight necessary to deliver effective and impactful Alternative Provision, positively transforming the educational journeys of the young people we support. Always focusing on our company mantra '**DETERMINED** to support young people fulfil their potential!'

Staff ratio/group sizes:

Group Sizes: 6 per class. 3:1 (Teacher and Education Co-ordinator)

Details Lycar Education offers a comprehensive tutoring service tailored to support students across Key Stages 1 to 4. Our service is designed to meet the unique academic and personal development needs of each student, ensuring they receive personalised and effective education.

Key Features:

1. ****Personalized Tutoring****:
 - One-on-one tutoring in all subject areas, tailored to individual learning styles and academic needs.
 - Development of individualised education plans based on thorough initial assessments.
2. ****Experienced and Qualified Staff****:
 - Tutors and teaching assistants with relevant qualifications and extensive experience.
 - Special expertise in working with young people with complex needs.
3. ****Collaboration with EdClass****:
 - Partnership with EdClass, a DFE Registered Provider, offering online lessons that complement our personalised tutoring.
 - Access to a wide range of online resources and interactive lessons to enhance learning.
4. ****Holistic Development****:
 - Focus on academic success as well as social and emotional development.
 - Programs that include life skills training, emotional resilience workshops, and extracurricular activities.
5. ****Progress Monitoring and Support****:
 - Regular assessments to monitor academic progress and adjust teaching strategies as needed.
 - Continuous communication with parents and schools to ensure a collaborative approach to education.

Outcomes:

By providing individualised support, fostering a nurturing learning environment, and maintaining high standards of safety and data protection, Lycar Education enables students to achieve their full potential both academically and personally.

Details

Lot 3 – Preventative and intervention-based work with children and young people. We provide specific work around issues learners may face at school, in the community and at home. We identify strategies whilst engaging learners in various bespoke activities, informal discussions and mentoring support. We aim to help support learners to be able to reintegrate back into mainstream schooling and offer a bespoke tailored service to each individual.

Lot 4 - We provide bespoke part time alternative provision (Mon-Fri) to children and young people offsite at two of our centres based in Bury. Our centres provide a safe space for learners to attend, and they can engage in both practical and academic learning based on their interests. We have a wide variety of learning which learners can engage in and a specialised staff team who deliver this. We can offer construction-based learning, music education, therapeutic art, mentoring, issue-based work, sports and fitness, food tech, employability skills, mathematics, English and ICT plus much more.

Staff ratio/group sizes Our staff ratio is 1 – 3 on average, this often lower due to the individual needs of our learners. Our group sizes are between 2 – 10 learners at any one time. We may accommodate more learner’s dependent on the work requested to deliver, the individual needs and whether services wish to increase the numbers by accessing both sites.

Qualifications offered – AQA unit awards accreditation, ASDAN accreditation and professional development qualifications provided by an external company.

Hours per week, weeks per year, FT, PT (Please include a sample timetable where appropriate)

We operate over a 38-week period of the year.

We also provide a specialised half term club and holiday camp for children and young people at risk or whom have an EHCP.

We offer a maximum of 17 hours per week to our learners at both centres.

Our alternative provisions are both part time services.

Tutoring

NT&AS provides 1:1 individual teaching for young people through KS 1, 2, 3, 4 and Post 16. NT&AS is committed to providing education opportunities which support long term education and social inclusion. We work to a young person's strengths/needs, while following national curriculum learning objectives. We understand the impact of children and young people missing education for a variety of reasons and we help them to gain the skills and confidence to re-engage. Locations will be determined by the needs of the young person. Young people may be supported in school or other education setting, young people without a school place may be taught at home or in a local library.

We work with the following young people; not accessing mainstream education, excluded or at risk of exclusion, suffering physical or mental health conditions, with poor school attendance, dealing with challenging life circumstances, children with medical needs which prevent them from attending school.

NT&AS will respect and celebrate the rich diversity of children, their families and professionals. We value all people and recognise the experience, age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.

Key Stage 3 Preventative

NT&AS provides 1:1 individual teaching for young people through KS 1, 2, 3, 4 and Post 16. NT&AS is experienced in providing short term turnaround placements supporting the young person in transition to a new placement or return to school

liaising with home and other professionals. NT&AS is committed to providing education opportunities which support long term education and social inclusion. We work to a young person's strengths/needs, while following national curriculum learning objectives. Please provide a summary of the provision you offer for each lot
<p>Details Lot 5 – Tuition</p> <p>Next Level Learning offer tailored tuition services to students who can't access mainstream education or are entitled to additional funding for tuition.</p> <p>We offer sessions either 1-1 or in small groups to children aged between 11 – 16 (sometimes KS1 and 2 and post 16 re-sits).</p> <p>Some lessons will be held face to face at home, in school or at one of our centres, others will be online. Options of delivery will be discussed with the LA, school and parent/carer upon referral.</p> <p>When we are approached for tuition, we ask that a referral form and risk assessment are completed and any contact at school (if registered with one) is given so that we can liaise accordingly.</p> <p>In the first session tutors aim to complete an initial assessment to gauge what level the student is working at and identify any gaps of knowledge to work on. Lessons are then planned to meet these levels and also according to the schools National Curriculum. We also work with the teacher contacts provided and plan lessons on what they would like the student to focus on in their tuition. This could be pieces of literature or specific Maths topics.</p> <p>We assess the student every half term to monitor progress and adapt the work planned accordingly. These results are placed on a central spreadsheet and any evidence of work will be saved also. This ensures that when work and grades are needed by the referring party or the new placement, we can inform them accurately and the student can have a smooth transition going forward in education.</p> <p>We offer daily attendance updates and weekly reports, as well as attending PEP, LAC and other relevant meetings that involve the student we are teaching. Further written reports available when asked for.</p>
<p>Staff ratio/group sizes</p> <p>Depends on SEND needs of pupils (some may require 2-1) In general cases 1 member of staff per session of up to 6 students</p>

<p>Challenge Me Mentoring Programme</p> <p>We know that mentoring is a powerful tool for supporting hard-to-reach young people. It helps them to develop an awareness of identity, builds their resilience, fosters self-respect, and promotes a sense of empowerment.</p> <p>By tailoring the 12-step Challenging Me programme to each young person, we are able to create a safe, nurturing, non-judgemental space in which our mentors can encourage these young people to recognise and restructure the thoughts and behaviours that are holding them back from engaging in education. We help to tackle the underlying beliefs these young people have about themselves and the world around them. We encourage them to reflect on the relationships that have shaped them, and we support them to become more confident and resilient.</p> <p>With the 1:1 Challenging Me mentoring programme, we aim to give young people all the tools they need to go on to live authentic, happy and fulfilling lives, believing that what they do and feel matters, and understanding that they have ownership over their own futures.</p> <p>Mentoring sessions include Breakfast, Dinner or lunch if needed.</p> <p>The Challenging Me Mentoring Programme has worked successfully in re-engaging young people in education; we have previously provided the Challenge Me mentoring programme to students who had been excluded from a PRU in Merseyside and through their engagement in the programme they were able to successfully reintegrate and re-engage in to the PRU and some students even went on to re-engage into mainstream education.</p> <p>The Challenging Me Mentoring Programme is a bespoke and personalised programme of proactive mentoring support and approved therapies, these are offered to pupils to enhance their learning experience with the aim of re-engaging those that are disengaged from education by breaking down and exploring their barriers to engagement and personal development.</p> <p>Creative and Empowering Workshops</p> <p>Our workshops explore emotions with the goal of enhancing / improving mood and boosting self-esteem through Art, Dance, Drama and Poetry. Unleashing their creativity, they will channel their feelings into beautiful pieces of art. They will experience emotional expression, stress relief, and self-discovery, body awareness, physical fitness and connection with others.</p>
<p>Staff ratio/group sizes</p> <p>Mentoring: Staffing 1-1</p>

Creative workshops:

1-1 staffing

Groups available up to 10

Qualifications offered

No formal qualifications are offered however each young person does receive a certificate of engagement and participation for each completed Challenge Me mentoring programme module as well as a certificate of completion when the whole programme is completed. Certificates of engagement and participation are also provided for those partaking in the workshops. By receiving certificates young people feel a sense of achievement which can boost their self esteem and confidence especially those that have previously disengaged in support, education or training.

Hours per week, weeks per year, FT, PT (Please include a sample timetable where appropriate)

Each timetable is bespoke and tailored to the individual young person however the

Power2 Rediscover

10-week programme for children and young people with poor mental health and wellbeing, struggling with their confidence and self-esteem, exhibiting distressed behaviour, disengaged from school and learning, and who may also be at risk of school exclusion.

Our highly skilled therapeutically trained staff provide intensive individual support to the child or young person based on their needs and challenges. The child or young person co-develops their own Personal Action Plan using a strengths-based Outcome Star as a guide.

Exits are carefully planned to ensure progress continues beyond our intensive support.

This programme can be delivered to individual children/young people or as a small group mentoring programme.

Where appropriate support can be extended beyond the initial 10-week period.

On completion of the programme students receive a certificate which they receive at an annual graduation ceremony attended by peers, teachers, families and dignitaries who celebrate their success.

Of the children and young people, we support: 83% improved their mental wellbeing; 75% improved their engagement with school and learning; 74% who were shy and withdrawn improved.

Teens and Toddlers

16-week programme for children and young people aged 12-17 struggling with their confidence, self-esteem, exhibiting distressed behaviour, disengaged from school and learning, and who may also be at risk of school exclusion.

Secondary-aged students become a mentor and role model to a child in a local nursery, spending a morning or afternoon a week supporting the nursery school child's learning and development.

They also take part in reflective group learning sessions which include therapeutic coaching to boost their self-confidence and raise their aspirations.

On completion of the programme students achieve a nationally recognised NCFE Level 1 qualification in Interpersonal Skills, which they receive at an annual graduation ceremony attended by peers, teachers, families and dignitaries who celebrate their success.

Of the children and young people, we support: · 82% increased their self-confidence; 81% improved their communication; 73% improved their attitude to education.

Power2 Thrive

16-week programme for children and young people aged 12-17 struggling with their mental health and wellbeing.

Secondary-aged students become a mentor and role model to a child in a local nursery, spending a morning or afternoon a week supporting their learning and development. They also take part in reflective group learning sessions which include therapeutic coaching to support their wellbeing and improve their self-esteem.

On completion of the programme students achieve a nationally recognised NCFE Level 1 qualification in Interpersonal Skills, which they receive at an annual graduation ceremony attended by peers, teachers, families and dignitaries who celebrate their success.

Of the children and young people, we support: 94% increased their self-esteem; 90% now know where to get support with their mental health; 86% improved their self-confidence.

Power2 Progress

13-week mentoring programme in which secondary school students mentor year 6 students who are transitioning from primary school. Young people become a mentor and role model to a primary school child likely to struggle with the move to secondary school.

They take part in reflective group learning sessions which include therapeutic coaching to support their wellbeing and improve their self-esteem.

Secondary students are able to achieve a nationally recognised NCFE Level 1 qualification in Developing Effective Thinking Skills, and primary students receive a Power2 certificate.

Of the children and young people, we support: 94% of secondary pupils increased their self-confidence; 72% of secondary pupils felt a bigger part of their school; 71% of primary pupils felt more ready for secondary school.

Progress Schools is a nationally based, alternative education provider with independent secondary schools located throughout England. We provide high-quality, supportive, and inspirational teaching to 11 –16-year-olds at Key Stage 3 and 4. Our bespoke approach ensures positive progression either back into mainstream education or, for those leaving us at Year 11, into the world of further education, work-based learning, or employment.

Our curriculum is designed to align with national education standards and objectives, providing students with opportunities to enhance their literacy, numeracy, and subject-specific skills. Through ongoing assessment, we identify and address gaps in students' knowledge to strengthen their understanding of key concepts and facilitate educational progression.

We offer full time and bespoke packages for students on roll at mainstream school. We have SENCOs and can support with EHCP assessment.

<p>Details</p> <p>Alternative Provision: Tutoring Services by Purple Ruler</p> <p>Experience & Expertise: Drawing on a rich legacy of expertise, Purple Ruler stands as a premier provider in the realm of educational services. Our deep-rooted experience positions us uniquely to offer unparalleled alternative provisions, particularly in delivering bespoke tutoring services that cater precisely to the needs of children and young people in Bury.</p> <p>Online Tutoring: Delivered by qualified teachers supporting the school curriculum. Customized programs are designed based on the unique needs of the student, beneficial for students out of school, those struggling in group-based provisions, and those requiring one-to-one attention.</p> <p>Ratio: Emphasis on individualized attention with ratios from 1:1 to maximum 1:6.</p> <p>Tutoring Needs: Aimed at students temporarily out of mainstream education due to medical needs or exclusion, or those who need subject-specific interventions to enhance their curriculum experience.</p> <p>We work with a range of learners from broad and diverse backgrounds and who are referred to us for a wide range of reasons including, but not limited to:</p> <ul style="list-style-type: none"> • Students not accessing mainstream education • Excluded students or those at risk of exclusion • Students with physical and/or mental health conditions including anxiety disorders • Those with poor school attendance and refusing to attend school • Those dealing with challenging life circumstances. <p>Focus: Ensure each student receives age-related teaching to reach their potential and remain at pace with their peers.</p> <p>Duration: Most referrals for tutoring under the AP program will be short-term (school term or shorter), with exact duration based on individual needs.</p> <p>We provide a range of different commissioning options from short trials through to annual arrangements which are detailed more below. Our services can be commissioned with two working days' notice, there is no minimum purchase, no block booking.</p> <p>Day 6 and short stay - Our short stay provision at KS3 and KS4 ensures that schools and local authorities can always meet their legal obligation to provide education by day 6 of any fixed term or permanent exclusion. The service is commissioned on a fixed price weekly basis and can be extended week to week if needed with the minimum term of enrolment being one week.</p>

Qualified Tutors: Tutors are qualified for National Curriculum subjects, focusing on Mathematics and English as core subjects.

Provision Location: Purple Ruler is an online-only provider, emphasizing a safe learning environment for students.

Staff ratio/group sizes
1:1 to 1:6

Qualifications offered:
Purple Ruler prides itself on its deep-rooted expertise within the educational sector, enabling us to craft a diverse range of curriculum offerings bespoke to the specific needs of schools. We cater to both primary and secondary educational stages.

Our strength lies in our capacity to design tailored curriculums attuned to the unique requirements of each school. Whilst ensuring robust coverage of core subjects such as

- Maths
- English
- Science,

we also expand our curriculum to include:

- Humanities and Modern Foreign Languages.
- English as an additional Language
- Functional Skills level 1 and 2
- ICT

We're supported by a dedicated team of seasoned educators who have a keen understanding of the varied learning needs of different age groups. This expertise allows us to produce modules that are both developmentally appropriate and engaging for pupils.

In all our endeavours, we place paramount importance on close collaboration with educational establishments to fully grasp their distinct needs, ensuring our curriculum remains relevant, comprehensive, and of the highest academic calibre.

<p>Vocational</p> <p>We work with young people aged 11-24 that may be at risk of exclusion, struggling in a school setting, have SEND, face SEMH challenges, are a young carer or living in care. The delivery model is negotiated with the school or local authority.</p> <p>Programmes are co-designed with each student, maximising the strengths and attributes that we want to encourage. Students are encouraged to own their choices and to revisit it if required.</p> <p>The offer</p> <ul style="list-style-type: none"> • 1:1 tuition and small group work with a tailored curriculum that meets individual needs. • Co-design with students' goals and rewards. • Therapeutic sessions. • Physical activity sessions. • Detailed feedback sent out at the conclusion of each day. • Time is set aside at the beginning and middle of the day for pupils to have meaningful conversations with their keyworkers. • A focus on transitions with the students such as independent living and travel, transitioning back into school, transitioning into high school or college, preparation for work (interview preparation, cv writing, filling out applications etc), or essentially into adulthood. <p>Where appropriate we can facilitate work experience in the related industry and in particular hospitality and leisure</p> <p>Classroom Interactive person-centred learning. Focus is on physical activity, health and wellbeing. This is delivered through discussion and interactive based learning methods. Methods reflect different learning styles and in particular for young people with SEND.</p> <p>Physical activity This can be delivered in the Y Club sports facilities. We have access to meeting rooms, restaurant facilities and conference rooms, alongside access to one of the largest fitness clubs in the city with fully equipped sports hall, studio, swimming pool and gym (Y Club).</p> <p>Complimentary</p>

Small group work, counselling and mentoring offered by RfA counsellors and Manchester YMCA teaching staff.

We enable students to

- Develop strategies and tools to manage issues more effectively.
- Coaching methods to assist and implement positive change.
- Develop self-confidence, awareness, belief, and value.
- Moving forward from past decisions, behaviours, or experiences.

By Supporting the young people to develop self-regulating strategies, building self-esteem, resilience and how to effectively manage their mental health.

Respect for All, specialist counselling for learning disabilities and/or autistic people.

RfA counselling and expressive therapy is tailored to each young person’s needs, be it verbal, less verbal, or non-verbal. This may involve talking and listening, the use of symbols, British Sign Language or Makaton, using art materials, puppetry, play materials or computer assisted communication.

As part of the partnership, we have access to YMCA Manchester’s facilities within central Manchester, so could offer this as a venue solution, we would cover travel costs.

RfA provide therapeutic group peer support sessions, these are structured sessions, ran by 2 qualified counsellors, which we can deliver in person or online, or a mix of both, again this would be based on the wishes of the young people.

Manchester YMCA offer small group work (up to 4-5 young people) – working around a common interest or issue, this is a 6 - 12 weeks personal development programme. This is accredited by Pearson and contributes to a BTEC.

Outreach Mentoring

Tailored support package that is delivered within the education setting. This focuses on improving the young person’s engagement in education, through developing self-regulating strategies, and developing self-esteem and resilience. The work is in collaboration with the setting to identify targets, supporting young people to reach their full potential using an asset-based approach, relationship building, and positive role modelling. Together we implement clear expectations of the support and how this is reviewed and measured. We work within a multi-agency way to support holistic planning.

Induction/initial meeting with young person- off timetable in the setting, getting to know the young person and their thoughts around the support they need, and how best to support them. This is used in conjunction with information shared by parents, carers, and professionals.

Staff ratio/group sizes

We offer both 1:1 and small group work. We have 1 qualified teacher to up to 5 students depending on need.

Qualifications offered.

Pearson BTEC Level 1 Subsidiary Award/Award/Certificate in Personal Growth and Wellbeing.
 Pearson BTEC Level 2 Subsidiary Award/Award/Certificate in Personal Growth and Wellbeing
 Pearson BTEC Level 2/3 Certificate and Diploma in Leadership through Sport
 NCFE Functional Skills Qualification in ICT at Entry Level 3, Level 1 and Level 2

Details

Our experienced and trained mentors work closely with students to identify their individual needs and create personalised plans to support their individual growth. We have high expectations of staff ability and pay our staff for an additional hour each day to designate time to complete courses that relate to our young people. We employ evidence-based strategies to address challenging behaviours, using methods from the 'PACE' parenting model, promoting positive alternatives and fostering a supportive learning environment for all students. Through targeted interventions and therapeutic techniques, we help students develop essential emotional regulation skills, empowering them to manage their emotions effectively and thrive in the classroom, supporting them back into mainstream school. Our unique approach integrates cooking work shops, bush craft, trade skills, lego therapy, special effects make up work shops and lots more into the curriculum, providing hands-on learning, our curriculum promotes teamwork, creativity, and practical life skills. These skills will be vital to the young people that will be transitioning into adult life. We will also offer career advice and CV writing workshops to further support from KS4.

Our mission is to...

- Improve student behaviour and attendance rates**
- Provide young people with life skills.**
- Enhanced learning experience and academic performance**
- Increased student engagement and motivation**
- Smooth re-integration of students into mainstream schools**

Staff ratio/group sizes

Small group setting of up to 3 to 1, or 2 to 1 but more regular used we have 1 to 1 staff ratio on offer to provide maximum support.

Qualifications offered

No qualifications, AQA unit award scheme, to build up personal portfolio of certificates which they are able to showcase to future employers or educational settings.

<p>Details Vocational and Complimentary Provision</p> <p>We provide:</p> <ul style="list-style-type: none"> • A structured but flexible Full & Part Time timetable • smaller groups and shorter lesson time • A modern and spacious learning environment • A strong, dynamic, and empathetic workforce • Wrap around Safeguarding • An engaging thematic curriculum (vocational academic and nurture) • Transition Pathways to Further, Higher Education & Apprenticeships • Volunteering opportunities • Functional Skills qualifications as a minimum • Career qualifications in hair and beauty • Employability Skills training • A sense of identity and pride as an individual <p><u>What have we learned?</u></p> <p>CSIN was created to support the need for good quality alternative provision in Manchester and Salford; we have built positive reputations in both these areas, currently working with Manchester and Salford schools. Our aim is to focus on building relationships by finding more time during lessons to engage in conversation with every student and interact one on one. Student engagement to us is the degree of attention, curiosity, interest, and passion that students show and the level of motivation they have whilst learning. Students who struggle to engage are given one to one Mentoring to build relationships and discuss barriers they may be facing this includes regular tutor/learner feedback. At CSIN we seek to break down the barriers and re-engage with each student on an individual basis to supply the support they need. Our growth plan is to support as many pupils as possible, schools, families and in turn communities through a high quality, outcome-based offer for young people to become responsible citizens,</p>

About us Spark Academy offers Alternative education for students not engaging in school and we have a specific provision for SEND students. Our tutoring programs are designed by experts in education and science of learning. Our mission is to empower our students to thrive, not despite their differences, but because of them. We celebrate diversity and provide a nurturing environment where every child, regardless of their SEN status, can reach for the stars and achieve their dreams. At Spark, we believe in blending the new with the traditional, creating a dynamic learning environment where innovation meets excellence. Spark is guided by a philosophy of "stage, not age," where every student can thrive at their own pace.

We provide tuition to students aged 8-18

Maths: KS2, KS3, GCSE, A-level

Science: KS2, KS3, GCSE, A-Level: Biology, Physics, Chemistry

<p>Details</p> <p>Taylor-Grade Tutoring and Mentoring offer a variety of subjects, courses and qualifications ranging across Key stages 1, 2, 3 and 4. We have teachers with QTS in the primary and secondary sectors which broadens our services. From an academic standpoint, we specialise in the following subjects spanning all the way up to Functional Skills and GCSE level including; Maths, English and Physical Education. Also, our services cover a more practical range of subject areas including stand-alone AQA qualifications in sport, performing arts, hospitality, construction, IT, animal care and many more. As a provision, we often build links within the local area in relation to the young person's interests which run alongside vocational qualifications. For example, animal care can be facilitated using our links with the local farm, with the hope of sparking a drive and promoting an existing interest. Our holistic approach in supporting our young people covers a program of courses including therapeutic exercises, social media support, positive body image, the growth of gang culture and awareness of knife crime locally. These courses are in the form of either 1:1 mentoring or focus group work over a 6-week period (term time). We offer a mentoring and coaching program which is bespoke to the young person in attempt to re-establish engagement in learning. In doing so, we strive to promote a thirst for learning by channelling this through a young person's hobby or interest. Capturing engagement through choice activities is key in building trusting relationships with young people, especially at the initial stages of the program. Once the relationship with staff is established, young people can then flourish under our care. Our staff, are effective role models and conduct themselves professionally at all times, as we are aware that young people are impressionable and this in itself holds a huge responsibility, which we do not take lightly.</p>

Tutoring (One-to-One or group)

Service overview

- One-to-one tutoring and mentoring, delivered by qualified teachers to support YP with additional needs (SEND and SEMH) to access learning.
- This support is most commonly delivered 1:1 as we believe this best meets the needs of individual young people.
- Highly personalised and creative schemes of work across core national curriculum subjects and themes, designed to support specific outcomes for young people in line with their EHCPs/ PEPs/ school recommendations.
- Teachers who can use their experience with vulnerable young people to build trusting relationships, re engage their students with education, and develop self-esteem and a positive attitude to learning.
- Support throughout the reintegration process from the tutor and our SENCo to ensure that the young person returns to full-time education successfully.

Core offer and staffing qualifications/skills/experience

Our teachers

Tutors must have a minimum of:

- QTS
- Minimum 2 years teaching experience
- Up-to-date, enhanced DBS
- A working knowledge of the SEND Code of Practice 2015.
- Experience working with vulnerable YP, ideally for a Public Organisation, specifically with LAC with a PEP) children with specific SEMH, EHCP or YP who risk exclusion who need support with engagement.
- Should a specific request for counselling/ therapeutic qualifications be made, we will source a tutor with the experience. We only accept referrals if we are confident, we can meet the needs and desired outcomes.

All teachers are supported by our SENCo (who has 25 years' experience as a Designated Teacher and SENCo at a Special School) and Education Welfare Officers (both also qualified teachers with 10+ years of experience).

Delivery Location (where is your service delivered?)

Home or residential placement of YP/ local library or community centre/ at their school

Staff ratio/group sizes

We recommend a ratio of 1:1 (tutor and student) in order to meet each YP's needs, however we are able to provide small group support (for up to 4-5 students with 1 tutor).

Where needs dictate, we are also able to support students on a 2:1 ratio (2 tutors/ a tutor and a TA to one student)

All of our students and young people are supported at every stage of the placement by our SENCo and Education Welfare Officers.

Hours per week, weeks per year, FT, PT(what is your delivery/working patterns?)

Part time (up to 15 hours a week/ 3 hours a day)
We will develop individual timetables to meet the requirements of each student.

Details

We provide Equine assisted learning, and we offer a full range of animal related qualifications, including though not limited to, horse care management, animal first aid, animal behaviour, canine behaviour, goat husbandry, project planning and personal mastery and communications. We have access to the full range of accreditations available on UK Rural Skill with whom we are an approved provider. <https://ukruralskills.co.uk/>

<https://www.centreofexcellence.com/shop/animal-care-courses/>

<https://www.centreofexcellence.com/shop/category/courses-for-kids/>

We also supervise online learning through The Centre of Excellence, recently a student who found it hard to engage in anything went through a photography course using a mobile a phone and he has now moved on to a further on-line photography course. We also can provide and are qualified for Functional skills up to level 3, all business-related qualifications, botany, earth education and conservation science.

We are based by Square Lodge in The Kirklees Valley Nature reserve 5 minutes' walk off Brandlesholme Road. We can provide arrangements for transport through Bury Mini bus service at an additional charge Usually £30 return depending on distance, our transport currently supports many local schools and are all DBS checked. For very local young people we can provide transport ourselves and we all have the relevant insurance to support this. We are easy walking distance of Brandlesholme and Tottington.

Each YP and referral agency /school representative first are invited for a visit to site free of charge. Here we share the values and vision for the site and discuss the expectations of the YP and the centre and show them what we can offer.

Staff ratio/group sizes 1:1 up to 1:3
