

Bespoke Early Years SEND Training Package

Following the success of the past two years and the overwhelmingly positive feedback received, we are once again offering a bespoke training programme designed for Early Years Teachers, Teaching Assistants, and SENDCOs. The progress made by children following our approach has been remarkable, demonstrating that with consistency and persistence, all children can make outstanding progress from their individual starting points.

Hoyle Nursery School is a mainstream Local Authority School with a Resourced Provision for 18 children with a wide range of SEND needs. We are a fully inclusive setting and have carefully adapted our practice to meet the diverse needs of every child who attends. Over recent years, we have carried out in depth research into how children with social communication difficulties or a diagnosis of Autism learn best. As a result, we have developed a year long programme that supports the development of joint attention and the ability to engage in adult led and independent activities within the classroom.

Our teaching sessions are rooted in the principles of the *Gina Davies Attention Autism* approach and are thoughtfully adapted to reflect the age and stage of our children at Hoyle.

During the sessions, you will spend time with our very skilled and experienced staff demonstrating techniques, practical hands on activities, peer support, theory, help with planning and classroom observations.

Session Details:

- Time: 12.00pm – 1.30pm
- Cost £35 per session. **Discounted full package £180 for all six sessions.**
- Limited availability: 4 places per session to ensure a tailored, high quality experience.
- Early booking is advised as places will be allocated on a first come, first served basis.
