Bury Prevent Newsletter

Welcome to January's newsletter providing information and guidance in relation to Prevent in Bury.

The focus on Prevent is to safeguard against hateful extremism.

Prevent is one part of the government's overall counter-terrorism strategy, CONTEST. The aim of Prevent is to:

- tackle the ideological causes of terrorism.
- intervene early to support people susceptible to radicalisation.
- enable those who have already engaged in terrorism to disengage and support behaviour change.

Hello from Roy Thickett and Bury Council

Welcome to a Fresh Start in 2025!

National Picture

Threat level

The threat to the UK from terrorism is currently **substantial**.

This indicates that an attack is likely. It is the middle of the 5 levels of threat which terrorism is assessed against, with the level set by the Joint Terrorism Analysis Centre and the Security Service.

New Prevent Duty Toolkit for Local Authorities:

Under section 29 of the counter terrorism and security act of 2015, Local Authorities (LAs) are required to have due regard to preventing people from being drawn into terrorism. A new toolkit supports the delivery of Prevent by LAs, providing examples of good and best practice. It does not supersede statutory guidance but does highlight benchmarks for typical expectations of local authorities delivering Prevent.

It can be found here:

(https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1182802/Prevent_duty_guidance_to_toolkit_for_local_authorities.pdf)

A new section has been added to the Prevent guidance on using the National Referral Form and the 'Notice, Check, Share' process. Professionals may wish to adopt this process if they have concerns about radicalisation.

Notice - any concerning behaviour, including signs of radicalisation as included in the guidance

Check - the organisational response and speak to the safeguarding lead of your concerns. This means that you will have all the relevant information before sharing.

Share - the concern and make a referral to the police using the national referral form.

Implications for Bury:

Bury Council should review all of the above recommendations and consider implementation of those which are not already in place. Contact prevent@bury.gov.uk or more in-depth of information on any of the recommendations, including best practice.

Guidance: get help for radicalisation

Since 2017, there has been 14 terror attacks in the UK. The government's CONTEST policy paper sets out a strategy to not only stop attacks, but also to prevent radicalisation and extremism happening in the first place.

The government's main priority is to make use of the full potential of their Counter-Terrorism Operations Centre (CTOC) to bring together the right teams and technology to disrupt and prevent terrorists, also bringing in expertise from other, non-law enforcement sectors such as education and social services, as well as international partners and allies.

The strategy is divided into 4 sections covering the areas of our world-leading counter-terrorism programme. These are:

Prevent – to stop people from becoming terrorists or supporting terrorism.

Pursue – to stop terrorist attacks in this country or UK interests overseas.

Protect – to strengthen our position against a terrorist attack.

Prepare – to minimise the impact of an attack and reduce the likelihood of further attacks.

There are also efforts that go beyond CONTEST to make transformational improvements to response.

For example, the government supports the public and private sector to become partners in prevention by increasing public messaging to ensure that they are informed about the routes to report, keeping safe, and responding to incidents.

They will strengthen our border lines against terrorism and invest in relationships with the technology sector to explore opportunities and threats arising from technology, suppressing criminal exploitation of the internet.

What is Terrorism?

Terrorism is defined in Section 1 Terrorism Act 2000

(<http://www.legislation.gov.uk/ukpga/2000/11/section/1>) as the use or threat of action designed to:

- influence the government or an international governmental organisation or
- intimidate the public, or a section of the public.

made for the purposes of advancing a political, religious, racial or ideological cause; and it involves or causes:

- serious violence against a person.
- serious damage to a property.
- a threat to a person's life.
- a serious risk to the health and safety of the public or
- serious interference with or disruption to an electronic system.
