

**Would you like take part in our research study to help improve services for ethnic minority families with deaf children?**

**We're looking for families with deaf children aged 0-12. There are different parts to the study; a questionnaire about your experience; a one-to-one meeting with a researcher; a group discussion with other parents.**

**We are also offering free art workshops at various schools where you can take part in the research while your child enjoys the art programme.**

**You will receive a gift voucher as a thanks for participating in the study.**

**This project is funded by the NDCS. The project adheres to the ethics guideline of the Deaf Ethnic Women's Association.**
