A guide to

Registered Provider Properties

2020

Bury Council has a Nomination Agreement with Registered Providers (RP) who have properties in the Borough of Bury. We have nomination rights to 50% of all RP vacancies. We advertise these vacancies on behalf of Housing Associations and as someone registered with us you can bid on these properties through Bury Home Options in the same way as you do with council properties. Alternatively, you may also apply directly to a RP.

This document contains details of all the RP properties in the Borough and **not** a list of all the currently available properties.

For details regarding current available properties and the criteria for applying, please contact the relevant RP, using the contact details listed at the back of this leaflet.
