

How do I provide a Universal Credit statement?

If you receive part of your income from Universal Credit, we will need to see evidence of this. If you're unsure on how to get a statement for this, please follow the steps below:

Log in to your [Universal Credit account](#)

Go to the Payments page.

Click on the latest statement.

The statement will appear on your screen.

You can then select the option to 'Print to PDF' or 'Save as PDF'

For further guidance on this, please visit [Getting statements from your online universal credit account | CPAG](#)
