## PUBLISHERS' PREFACE.

---

*M*ODERN requirements make the publication of a Commercial Directory essential to the business interests of any town of importance. The many activities, social, political and municipal, if definitely recorded in one volume cannot fail to be of considerable utility for reference purposes to the Public. It is hoped that the information presented here may be useful.

The difficulties encountered in compiling a Directory of this character are many, and it has been necessary for our representatives to make a personal call at every house in the Borough to obtain information as to the employment of residents and to check tenancies, etc. This huge task has been successfully accomplished, but we wish to make it clear that despite the fact that every care and attention has been taken to ensure accuracy we, the publishers, cannot accept any responsibility for errors or omissions.

We appreciate the assistance rendered to us by the Town's officials, the Secretary of the Chamber of Trade, private individuals, and the authors of the various articles accompanying this production, and especially the advertisers, whose generous interest alone have made the publication of the Directory possible.

We hope the issue of this Book may add prestige and dignity to the Town of Bury, be useful to its people, an advertisement of the activities of the area, and convey something of the modern developments of its municipal government.

Yours faithfully,

EDWARDS & BRYNING LTD.
