LIMITED

SHEET METAL WORKERS
Coppersmiths, Engineers, etc.

SPECIALISTS in
Sheet Metal Work for Bleachers, Dyers,
Calico Printing and Paper Making

ELECTRIC & ACETYLENE WELDING
SPOT WELDERS
SPECIALISTS IN STAINLESS STEELS

Any Article supplied for Domestic or
Manufacturing Purposes

Drying Cylinders, Colour Pans, Damping Rollers,
Wheel and Chain Guards

Dust Collecting and Steam Removing and all
classes of Sheet Metal Work

SHEETS, BARS & BOLTS IN STOCK

Drying Machines Overhauled and Repaired

Inventors and Patentees of Double Spiral Water
Bucket (Patent No. 25260)

WOOLFOLD, near BURY

Telephone—BURY 95

SHEET Metal Work for Bleachers, Dyers, Calico Printing and Paper-making interests is represented by **R. Pritchard & Sons Ltd.**, of Woolfold, who specialize in rollers, measures, tank linings in acid-resisting steel and Monel metal ; drying cylinders, colour pans, damping rollers, wheel and chain guards ; dust-collecting and steam-removing apparatus of all descriptions.

The business was established by Mr. Robert Pritchard in the year 1870 and was formed into a limited liability company in 1933.

The Works were rebuilt and modernized in 1920, and refitted with the most up-to-date machinery for the production of Engineering and Sheet Metal Work. The business specializes mostly in Engineering and Sheet Metal Work for the Textile, Bleaching, Printing and Finishing Trades, and the Paper Industry.

The latest line is the production of articles in the new metals, Monel Metal and Stainless Steels. Inquiries for anything in these metals are invited. There is no job too large or too small for these Works to undertake, either in engineering, sheet metal work or welding—both oxy-acetylene and electric.

An efficient staff for examining and overhauling and reporting on Drying Machines is retained and the fencing of machinery in the most up-to-date manner, to conform with the Board of Trade Regulations, is a speciality.

This firm are inventors and patentees of Double-Spiral Water Buckets which have proved a great success.

Among the firm's specialities may be mentioned Double-acting Spiral Water Ejector for Cylinders (patentees) ; Drying Machines ; Drying Cylinders ; Rollers—Tin and Copper ; Colour Pans ; Steel Laggings ; Wheel Guards ; Damping Rollers ; Angle and Flat Iron Rings ; Fireproof Doors and Ventilating and Dust Collecting.
