## 1. Introduction

- 1.1 This report provides a summary of the financial contributions which the Council has secured through Section 106 (S106) from new developments for recreation, affordable housing, off-site infrastructure works, ecological enhancement and employment land.
- 1.2 In summary, the report provides:
- An overview of S106 agreements;
  - The Council's internal process relating to S106 contributions;
  - The S106 contributions paid to the Council in the 2020/21 monitoring period;
  - S106 contributions estimated for future years; and
  - Projects delivered in the Borough via S106 agreements in the 2020/21 monitoring year.
- 1.3 The information included in the report will be updated annually and published on the Council's website. This will ensure that the most up to date information on the amount of developer contributions received from new development in addition to on where these monies have been spent is readily available to members of the public and other interested parties.
- 1.4 It is important to note that a time lag between receipt and expenditure of contributions is to be expected, as funds have to be allocated to specific schemes (for contributions from S106 Agreements signed prior to 6 April 2015), and in some cases contributions are for the long-term maintenance of land that has been or is awaiting transfer to the Council. However, the data reported within this document is the most robust available at the time of publication.
- 1.5 Please be advised that this IFS statement covers the financial year 2020/21 in which the development industry was impacted by the Covid-19 pandemic, therefore levels of income from s106 monies and spend of funds are significantly lower than previous years.

### Headline summary:

Total money received through planning obligations (whenever agreed) in 2020/21 : £475,893.02

Total money, received through planning obligations (whenever agreed) spent in 2020/21 :

- Recreation: £121,603.74
- Employment Land Development Fund (ELDF):  
£30,055.40
- Total expenditure: £151,659.14

## 2. Section 106 Agreements

- 2.1 S106 agreements are legal contracts between the Local Planning Authority and the developer/landowners which include obligations that are essential to allow the granting of planning permission in certain circumstances.
- 2.2 For example, new residential developments place additional pressure on existing social, physical and economic infrastructure in the surrounding area. Planning obligations aim to balance this extra pressure with improvements to the surrounding area to ensure that a development makes a positive contribution to the local area.
- 2.3 The obligations may be provided by the developers “in kind” – that is, where the developer builds or provides directly the matters necessary to fulfil the obligation. This might be to build a certain number of affordable homes on-site, or ecological enhancement, for example.
- 2.4 Alternatively, planning obligations can be met in the form of financial payments to the Council to provide off-site infrastructure works, contributions towards providing affordable housing elsewhere in the Borough, compensation for the loss of employment land, recreation contributions and contributions towards ecological enhancements. In some cases, it can be a combination of both on-site provision and off-site financial contributions.

- 2.5 S106 Agreements may also include non-financial obligations such as provision of on-site affordable housing, access paths or the transfer of land.
- 2.6 Where an obligation involves the payment of financial contributions, on receipt by the Council, these contributions are effectively held on trust, and the Council are legally bound to spend these monies in accordance with the terms of the s106 Agreement. These obligations are then secured as a land charge on any successive land owner of the application site, should the site be sold on and developed by someone other than the applicant.
- 2.7 Regulations state that a planning obligation may only constitute a reason for granting planning permission for the development if the obligation is: The details of the obligations are controlled by statute and must pass the following three tests if they are to be considered when determining an application for planning permission:
- Necessary to make the development acceptable in planning terms;
  - Directly related to the development; and
  - Fairly and reasonably related in scale and kind to the development
- 2.8 The Council cannot ask for contributions via section 106 planning obligations in certain circumstances:

*"Planning obligations for affordable housing should only be sought for residential developments that are major developments...For residential development, major development is defined in the National Planning Policy Framework as development where 10 or more homes will be provided, or the site has an area of 0.5 hectares or more. For non-residential development it means additional floorspace of 1,000 square metres or more, or a site of 1 hectare or more...Planning obligations should not be sought from any development consisting only of the construction of a residential annex or extension to an existing home."*

Planning Practice Guidance 2019 Paragraph 023 'Planning Obligations' <https://www.gov.uk/guidance/planning-obligations>

### **3. Bury Council's Process for Requesting S106 Contributions**

- 3.1 Where it is determined that on-site infrastructure and/or affordable housing required by policy is not appropriate, the Council will request from developers a financial contribution to meet these needs outside of the development site through a s106 obligation.
- 3.2 The financial contribution required for off-site recreation provision is calculated using Supplementary Planning Document 1 – Open Space, Sport and Recreation Provision in New Housing Development.
- 3.3 Supplementary Planning Document 5 – Affordable Housing Provision in New Residential Development sets the tariff for off-site affordable housing contributions and Supplementary Planning Document 14 – Employment Land and Premises provides guidance on when employment land contributions are required. These documents can be accessed on the Council's website at: <https://www.bury.gov.uk/10740>
- 3.4 Contributions towards required highway works as a result of new development is agreed on a case-by-case basis, evidenced by an assessment of the impact the development will have on the local highways and mitigation works required to minimise this impact.
- 3.5 Once a S106 has been signed, it is an obligation, but it will only be realised if the planning permission is implemented and reaches the trigger point for payment such as commencement or prior to occupation. When the planning permission is granted, the S106 obligation is registered as a land charge which stays with the land, obligating any future owners until the terms are met.
- 3.6 Planning Officers, developers and the Council's legal department work together to instruct new S106 agreements, requesting payments from the developer through to the spending of these monies by designated Council officers. Figure 1 shows this process in more detail.
- 3.7 Any commuted sums received by the Council but not spent within the timeframes set out in the S106 agreement will be identified during annual monitoring and will be refunded in accordance with the details set out in the specific agreement.

## 4. Monitoring Fees

- 4.1 The Community Infrastructure Levy (Amendment) (England) (No.2) Regulations 2019 allow Local Authorities to charge a monitoring fee through S106 obligations to cover the cost of the monitoring and reporting on delivery that S106 obligation as described above. Monitoring fees can be used to monitor and report on any type of planning application, for the time of that obligation. However, monitoring fees should not be sought retrospectively for historic agreements.
- 4.2 The regulations allow monitoring fees to be either a fixed percentage of the total value of the S106 agreement or individual obligation; or could be a fixed monetary amount per agreement obligation; or Authorities may decide to set fees using other methods. However, in all cases, monitoring fees must be proportionate and reasonable and reflect the actual cost of monitoring.
- 4.3 Authorities must report on monitoring fees in their Infrastructure Funding Statements.
- 4.4 In Bury the monitoring fee was set at £550 per obligation, which is considered to be proportionate and will contribute to the Council's reasonable costs of monitoring each obligation. This fee came into effect from the 18<sup>th</sup> October 2019.
- 4.5 Between 1<sup>st</sup> April 2020 and 31<sup>st</sup> March 2021, £2,750 of monitoring fees have been received through S106 obligations to cover the cost of the monitoring and reporting on delivery.

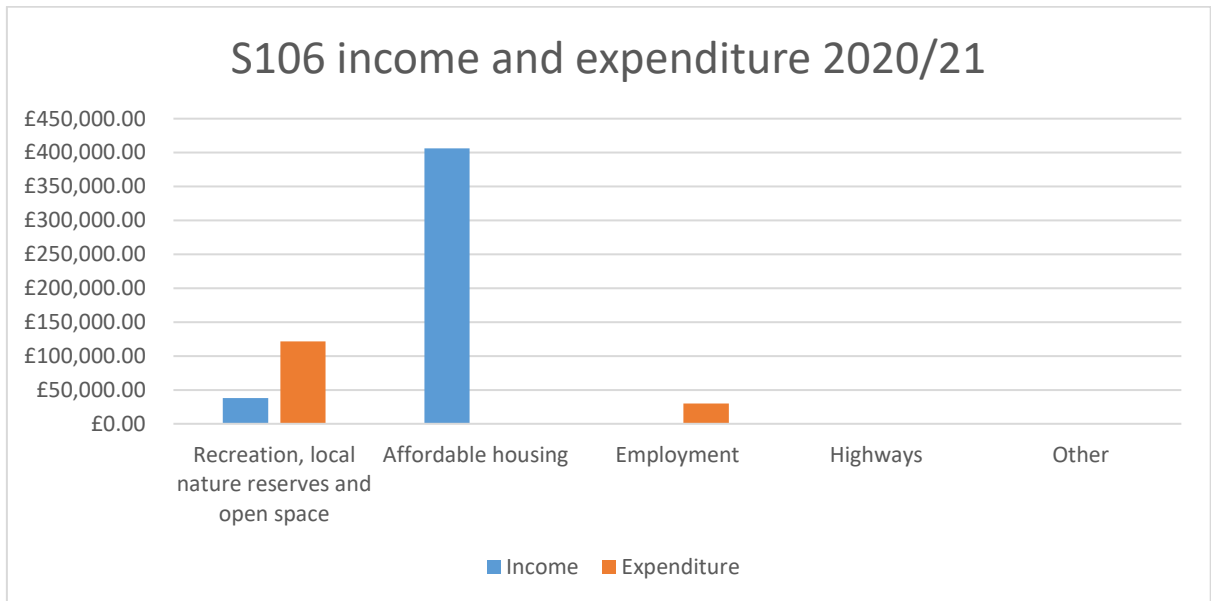

## 5. 2020/21 S106 Contributions Summary

- 5.1 Over the twelve-month period from 1 April 2020 to 31 March 2021, Section 106 agreements have resulted in £151,659.14 of investment into the Borough, provision of 19 on-site affordable homes and £475,893.02 of income to the Council. As of 31st March 2021, the Council had around £4,270,809.45 of unspent S106 contributions, the majority of which has been allocated to specific

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

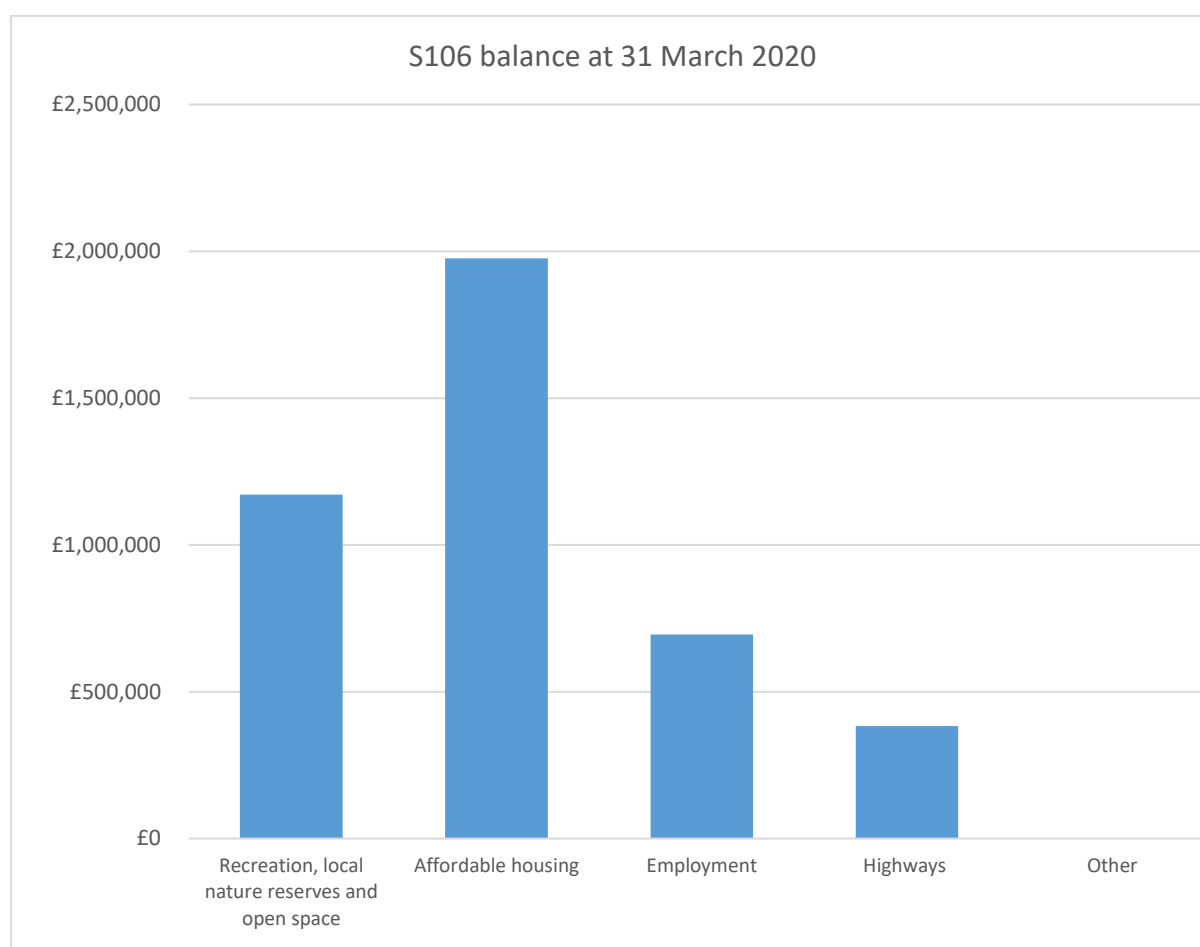

projects but may take time to deliver and for expenditure to be drawn down.

- 5.2 It is important to note that a time lag between receipt and expenditure of contributions is to be expected, as funds have to be allocated to specific schemes (for contributions from S106 agreements signed prior to 6 April 2015), and in some cases contributions are for the long term maintenance of land that has been or is awaiting transfer to the Council.

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

5.3 Table 1 below summarises income and expenditure in the twelve months from 1 April 2020 to 31 March 2021, and unspent contributions as at 31<sup>st</sup> March 2021. This is broken down into more detail in Appendix C.

**Table 1: S106 Income, Expenditure and Balance**

<b>Expenditure type</b>	<b>Contributions received 1 April 2020 to 31 March 2021</b>	<b>Total amount spent 1 April 2020 to 31 March 2021</b>	<b>Total value of unspent contributions as at 31 March 2021</b>
Recreation, local nature reserves and open space	£38,032.02	£121,603.74	£1,171,103.12

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

Affordable housing	£406,061.00	£0.00	£1,976,361.00 <sup>1</sup>
Employment	£0.00	£30,055.40	£694,746.85
Highways	£0.00	£0.00	£383,413.37
Public art <sup>2</sup>	£0.00	£0.00	£33,398.46
Other	£0.00	£0.00	£0.00
<b>TOTAL</b>	<b>£444,093.02</b>	<b>£151,659.14</b>	<b>£4,270,809.45</b>

## 6. Schemes Provided and Obligations Complied With

6.1 This section of the report summarises Section 106 Agreements by type of obligation. A detailed list of schemes provided as a result of financial contributions is attached to this report at Appendix A, together with a list of contributions received and obligations complied with between 1 April 2020 and 31 March 2021 at Appendix B.

### Recreation

6.2 In 2020/2021 £38,032.02 was received in recreation contributions.

6.3 During the same period, £121,603.74 of recreation contributions was spent. This has gone towards improvements at a number of sites including:

- Improvements to the Cycling Infrastructure Philips Park;
- Fencing at Redbank Playing Field;
- Improvements at Avondale Allotments;
- Improvements at Althone Allotments;
- The decommissioning of Fold Street Play Area;
- Improvements to the external appearance of Castle Leisure Centre and it's cycle infrastructure;

<sup>1</sup> Please note that £1.27m of the unspent affordable housing contributions is committed to specific projects.

<sup>2</sup> Row 5 in Table 1 in the 2019/2020 IFS Report incorrectly states that the total value of unspent public art contributions was £30,523.85. This figure is incorrect as previous reports over-reported spend from S106 monies in the previous years. The correct total is £33,398.46 which includes interest accumulated over previous years.

- Supporting volunteers working on the improvements to Burrs Country Park;
- Phase 1 of the improvements to access at Springwater Park & Sailors Brow;
- Improvements at Redbank Lodges;
- The Burrs Infrastructure Strategy;
- Improvements to the Town Meadow Bowling Pavillion;
- Ramsbottom Civic Hall Garden;
- Improvements to Gardener Mount Improvements;
- Barratt Estate SBI;
- Clarence Angling Community Room;
- Improvements at Walnut Ave Allotments;
- Phase 1 of planned improvements to infrastructure at Starmount Reservoir and Blackshaw Brook; and
- Improvements to Thatch Leach Lane.

6.4 In terms of future spending, funding has also been allocated to a number of projects across the Borough, including works to play areas, ball zones, tennis courts, outdoor gyms, bowling greens and park improvements. The priority is to ensure that S106 recreation contributions are allocated within the area where the development takes place.

6.5 All unspent recreation contributions received up to 31<sup>st</sup> March 2021 have been committed to specific projects, with the exception of contributions paid upfront that can't be committed until commencement of development.

## **Affordable Housing**

6.6 Section 106 Agreements have also required developers to make provision on site for affordable housing. In 2020/21, 7 affordable properties were completed on site as a result of planning policy. In addition, some of the previously completed properties have been subsequently re-sold, re-let or are under offer, to households on the Affordable Housing Scheme.

6.7 The Planning Agreements allow the affordable housing units to be sold on the open market in certain circumstances, subject to 25% of the sale proceeds being given to the Council to spend on affordable

housing elsewhere. Between 1 April 2020 and 31 March 2021 four properties were sold in this way.

- 6.8 £346,000 was received in 2017/18 for the former Holcombe Brook Tennis Club, Longsight Road in lieu of on-site affordable housing provision. A further index linked payment of £3,561 was received in 2020/21. An average contribution of £300,000 has also been received in respect of the development at Salisbury Road, Radcliffe as a result of improvements to values and viability of the completed scheme from those anticipated when permission was granted.
- 6.9 In total up to 31 March 2021, £2,572,147.53 in commuted sum payments has been received for affordable housing, of which £595,912.02 has been spent and a further £1,279,962.59 is committed. The remaining uncommitted contributions will be spent in accordance with the Bury Housing Strategy. Spending affordable housing contributions will be agreed by an officer group comprising of representatives from Planning and Housing Strategy, taking into account views of Portfolio holders, and must be in accordance with the terms of each Section 106 Agreement.
- 6.10 In August 2012, Cabinet agreed to spend £617,000 of monies received to bring empty properties back into use as affordable housing in the Radcliffe area, as a pilot exercise working with registered providers. However, funding for the Radcliffe pilot was subsequently secured from the HCA, who have also committed to further funding to increase the number of empty properties to be brought back into use in Radcliffe. As a result, in September 2014, Cabinet agreed to approve the use of the £617,000 commuted sums in other townships across the Borough, providing the reallocation of resources does not detrimentally affect the outcomes of the Radcliffe pilot. This work will help reduce the number of long term empty properties and provide additional affordable housing. £444,664 has been spent up to 31 March 2021, bringing 10 empty properties back into use as affordable housing.
- 6.11 In June 2021 the Council approved the use of a further £1m of affordable housing S106 contributions to bring additional empty properties back into use. This will have multiple benefits of removing the blight of empty properties, bringing them back into use to provide affordable homes.
- 6.12 In July 2017, Cabinet approval was given to commit £250,000 of S106 affordable housing contributions to support the residential development of the site of the former Radcliffe Times building for

affordable housing. £151,248.02 has been spent up to 31 March 2021.

- 6.13 The Council is exploring opportunities to use the remaining uncommitted affordable housing contributions to support and accelerate the delivery of additional affordable housing.

## **Employment Land Development Fund**

- 6.14 As at 31 March 2021, the total unspent balance of the Employment Land Development Fund (ELDF) was £694,746.85. £206,420.89 of this has been allocated to various projects but is yet to be spent.
- 6.15 The remaining £488,325.96 is unallocated and unspent but work is continually on-going to identify specific opportunities in accordance with the approved ELDF Framework for Spending.
- 6.16 During 2020/21, £30,055.40 from the ELDF was used to support the creation of a new temporary post with responsibility for providing a planning input into the progression and delivery of current and emerging employment sites in Bury.

## **Highways**

- 6.17 In 2020/21, no highways contributions were received.
- 6.18 There was also no spend on highways projects in 2020/21
- 6.19 The remaining highways contributions for 2020/21 is £383,413.37 is allocated to projects such as:
- A Traffic calming scheme (20mph zone);
  - Bridleway improvement to existing bridleway 37;
  - An additional lane at the slip road of junction 3 on the M66;
  - Improvements to Pedestrian connectivity; and
  - Measures to mitigate the impact of development on the local highway network comprising CCTV, SCOOT revalidation, extra SCOOT loops and amendment of signal staging at the Harvard Road Signals.

## **Public Art**

- 6.20 Following the publication of Government guidance which advised that planning obligations should not be sought if they are no considered necessary to make a development acceptable in

planning terms, financial contributions for public art are not currently being sought for new planning applications.

6.21 There was also no spend on Art Projects in 2020/21

## **7. Outstanding Obligations**

7.1 A list of all outstanding obligations is attached to this report at Appendix D. These are divided into those where triggers have been reached (Appendix D Part 1), identifying the actions that are being taken to recover overdue contributions and non-financial obligations; and those where triggers have not yet been reached, for example, because development has not started or insufficient dwellings have been completed (Appendix D Part 2).

### **Outstanding S106 Obligations where triggers have been reached**

7.2 Six developments have been identified as having outstanding obligations which are now due and are being pursued by the Council. Of these, 5 require a financial contribution, totalling £268,358.75.

7.3 The outstanding contributions are pursued initially by contacting the parties involved and, where necessary, debt recovery proceedings are instructed. However, this can be a lengthy process.

### **Section 106 Agreements not yet triggered**

7.4 Appendix C Part 2 provides details of development sites where S106 obligations have been negotiated as part of the planning approval process but the triggers have not yet been reached, for example because development has not yet commenced or insufficient dwellings have been completed. Recently lapsed or superseded permissions are included on the list for information, but these obligations will not be triggered. The terms of each S106 Agreement will specify how commuted sums can be spent. It is important to note that these developments may not all proceed as planned and there is, therefore, no guarantee that these funds will ever be received.

7.5 The Council will continue to monitor these developments to ensure that payments and provisions are secured as and when they are required by the S106 Agreement.

## 8. The Community Infrastructure Levy

- 8.1 In April 2015, the Community Infrastructure Levy (CIL) Regulations imposed restrictions on pooling S106 contributions. Local Authorities were not able to fund specific projects or type of infrastructure by pooling contributions from 5 or more separate S106 agreements. Collecting generic 'recreation' or 'employment' contributions was also no longer permitted. The Council was required to identify within a S106 Agreement exactly what project the contribution would be spent on.
- 8.2 These regulations have since been amended and came into force on the 1 September 2019. The amendments removed the restrictions on pooling S106 contributions.
- 8.3 However, the Council still continues to identify projects up front when the S106 agreement is signed in order to monitor S106 funds and ensure the contributions are spent on the most appropriate schemes. For recreation contributions, potential project ideas are based on the Green Space Strategy, the Play Strategy, local priorities and opportunities for maximising the money by attracting external funding. Ward councillors are consulted by email and feedback from them informs the final list of schemes.
- 8.4 Non-financial S106 obligations, such as on-site provision of footpaths and transfers of land are unaffected, and maintenance contributions are tied to specific areas of land.

## 9. Conclusion

- 9.1 Despite the Covid-19 pandemic, in 2020/21 S106 Agreements have led to significant investment and improvement across the Borough, and the role of Planning in securing financial contributions and non-financial achievements should be noted.
- 9.2 The proactive approach to ensuring S106 obligations are complied with has resulted in success in recovering outstanding contributions, and enabled prompt identification when triggers have been reached on new developments. This approach will continue and should ensure that developers deliver their obligations. Where necessary and appropriate, legal action will be taken to ensure compliance with S106 obligations.

- 9.3 Lastly, the impact of the Covid-19 pandemic has had upon the development industry and therefore, potential S106 income is uncertain at this moment in time.

**INFRASTRUCTURE FUNDING STATEMENT 2020/2021**

**Appendix A – Schemes Provided Via S106 Commuted Sums**

<b>Type of Contribution</b>	<b>Scheme Provided/Location</b>	<b>Money Spent 1<sup>st</sup> April 2020-31<sup>st</sup> March 2021</b>
Recreation	Cycle Infrastructure Improvement, Philips Park (Pilkington Park)	£5,500.00
Recreation	Thatch Leach Lane Improvements (Whitefield and Unsworth)	£360.00
Recreation	Improvements to infrastructure at Starmount Reservoir and Blackshaw Brook Phase 1	£9,463.84
Recreation	Improvements to Walnut Avenue Allotments	£115.00
Recreation	Clarence Angling Community Room	£1,699.50
Recreation	Barratt Estate SBI	£825.00
Recreation	Gardener Mount Improvements	£600.00
Recreation	Ramsbottom Civic Hall Garden	£372.00
Recreation	Town Meadow Bowling Pavilion improvement	£163.00
Recreation	Kirkless Valley Maintenance	£6,145.00
Recreation	Burrs Infrastructure Strategy	£58,873.73
Recreation	Redbank Lodges Improvements	£116.80
Recreation	Phase 1 of improvements to access at Springwater Park & Sailors Brow	£4,060.73
Recreation	Burrs Improvements (supporting volunteers)	£4,396.53
Recreation	Castle Leisure Centre cycle infrastructure & ext appearance	£10,717.00
Recreation	Fold Street Play Area decommission	£5,282.11
Recreation	Improvements At Althone Allotments	£2,500.00
Recreation	Improvements at Avondale Allotments	£2,500.00
Recreation	Redbank Playing Field Fence	£7,913.50

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

Employment	Employment Land Development Fund - 3 Year Senior Planning Officer (Borough-Wide)	£ 30,055.40
------------	--	-------------

\*\*The Community Infrastructure Levy Regulations imposed new regulations on s106 contributions which came into effect from 6 April 2015. These sites received contributions before 6 April 2015.

## Appendix B – Obligations complied with (1 April 2020 – 31 March 2021)

Application	Site	Description	Obligation complied with
53231, 57085	Holcombe Brook Tennis Club	Erection of 55 category II sheltered flats for the elderly, communal facilities, landscaping and car parking	Final index linked payment received 10/06/2020 - £3,561.00
60723, 62693	Land adjacent to 19A New Road, Radcliffe, Manchester, M26 1LS	Demolition of existing buildings and redevelopment including erection of 14 detached dwellings and associated works.	£38,032.02 recreation contribution received 02/07/2020
45423	Site of Former Mill, Water Street, Radcliffe	Affordable housing contribution in lieu of sale of affordable property.	£14,250 affordable housing contribution received 8/3/2021.
49667	Valley View, Bury (Olives Paper Mill site)	Affordable housing contributions in lieu of sale of affordable property.	£45,500 affordable housing contribution received 28/8/20.
42383	Valley Mill Lane, Bury	Affordable housing contributions in lieu of sale of affordable property.	£18,000 affordable housing contribution received 14/9/20.
58233	Land off Salisbury Road, Radcliffe	Affordable housing overage contribution.	£300,000 received 30/9/20

Contributions received after 1 April 2021 are not included in the total values received or unspent in Table 1 of the main report, to simplify the collation of data from the Council's financial systems.

### Contributions received after 1 April 2021

Application	Site	Description	Obligation complied with
63324	Land at Mountheath, George Street, Preswich	Recreation contribution	£354,425.84 received 4/8/21

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

<b>Application</b>	<b>Site</b>	<b>Description</b>	<b>Obligation complied with</b>
66978	Former Peel Health Centre, Market Street/Angouleme Way, Bury, BL9 0EQ	Highways contribution	£40,000 received 04/10/2021
62546	Land adjacent to 436 Walmersley Road, Bury, BL9 6QE	Recreation contribution	£12,140.46 received 19/11/2021

## Appendix C – S106 income, expenditure and unspent balance

Expenditure type	Contributions received 1 April 2020 to 31 March 2021	Total amount spent 1 April 2020 to 31 March 2021	Total value of unspent contributions as at 31 March 2021	Comments
Recreation enhancement	£38,032.02	£121,603.74	£880,222.73	All allocated with the exception of contribution paid upfront that can't be allocated until commencement of development.  The balance excludes £2,296.23 of interest accrued in 2020/21.
Recreation maintenance	0	0	£154,378.55	All allocated to maintenance of transferred land. The balance excludes interest earned, £210.88 in 2020-2021.
Recreation – Strategic Planning projects	0	0	£95,000	£70,000 contribution towards Moss Shaw section of the Bolton Bury railway path and £25,000 Olives Brook Link contribution.
Local Nature Reserves	0	0	£65,057.39	All allocated.
Roch Valley Greenway maintenance fund & repair and maintenance of govt	0	0	£130,823.00	Transfer of land completed 15/6/16.

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

Expenditure type	Contributions received 1 April 2020 to 31 March 2021	Total amount spent 1 April 2020 to 31 March 2021	Total value of unspent contributions as at 31 March 2021	Comments
Affordable Housing	£406,061.00	0	£1,976,361.00	£1.27m of the unspent affordable housing contributions is committed to specific projects; £98,751.98 is committed to the Radcliffe Times scheme but unspent as of 31/3/21 and a further £1,172,336 of affordable housing S106 contributions is to be used to bring additional empty properties back into use.
Employment Land Development Fund	0	£30,055.40	£694,746.85	Funding for a Senior Planning Officer on a fixed term contract

## INFRASTRUCTURE FUNDING STATEMENT 2020/2021

Expenditure type	Contributions received 1 April 2020 to 31 March 2021	Total amount spent 1 April 2020 to 31 March 2021	Total value of unspent contributions as at 31 March 2021	Comments
Highways	0	0	£383,413.37	<p>The unspent funds include:</p> <ul style="list-style-type: none"> <li>• £25,000 traffic calming contribution</li> <li>• £10,000 bridleway contribution for improvements to existing bridleway 37</li> <li>• £229,413.37 for an additional lane at the slip road to Jn 3 of the M66</li> <li>• £95,000 highways contribution</li> <li>• £24,000 pedestrian connectivity contribution</li> </ul>
<b>TOTAL</b>	£444,093.02	£151,659.14	£4,270,809.45	

Please note that the figures in the table above represent a snap-shot in time and may not be entirely consistent with previous reports as expenditure from S106 contributions is confirmed at financial year end and interest is added to the balance. Income figures are based on the twelve-month period from 1 April 2020 and 31 March 2021, and total balances are as at 31 March 2021.

## Appendix D – Outstanding obligations

### Part 1: S106 obligations where triggers have been reached

Application	Site	Description	Outstanding Obligations	Action
50058 50948	Former Albert Inn, Ribble Drive, Whitefield	Erection of 6 retail units with 15 flats above, associated access, parking, servicing and landscaping.	On-site affordable housing – 3 dwellings	Development completed but sold to one owner so recreation payment has not been triggered.  Legal action is on-going.
50775 54550 58359	Former Thrush Hotel, Thrush Drive, Bury, BL9 6JD	14 no. dwellings with associated car parking and landscaping.	£13,674.08 recreation payment due in 3 phases, upon 1 <sup>st</sup> occupation of each block.	Completed – contribution now due. Non-compliance letters sent. Legal action is on-going.
