1. Introduction

- 1.1 This report provides a summary of the financial contributions which the Council has secured through Section 106 (S106) from new developments for recreation, affordable housing, off-site infrastructure works, ecological enhancement and employment land.
- 1.2 In summary, the report provides:
- An overview of S106 agreements;
 - The Council's internal process relating to S106 contributions;
 - The S106 contributions paid to the Council in the 2021/22 monitoring period;
 - S106 contributions estimated for future years; and
 - Projects delivered in the Borough via S106 agreements in the 2021/22 monitoring year.
- 1.3 The information included in the report will be updated annually and published on the Council's website. This will ensure that the most up to date information on the amount of developer contributions received from new development in addition to on where these monies have been spent is readily available to members of the public and other interested parties.
- 1.4 It is important to note that a time lag between receipt and expenditure of contributions is to be expected, as funds have to be allocated to specific schemes (for contributions from S106 Agreements signed prior to 6 April 2015), and in some cases contributions are for the long-term maintenance of land that has been or is awaiting transfer to the Council. However, the data reported within this document is the most robust available at the time of publication.
- 1.5 Please be advised that this IFS statement covers the financial year 2021/22 in which the development industry continued to be impacted by the Covid-19 pandemic and the wider economic context including inflation, therefore this may have had an impact upon the levels of income from s106 monies and spend of funds.

Headline summary:

Total money received through planning obligations (whenever agreed) in 2021/2022 : £394,425.80

Total money, received through planning obligations (whenever agreed) spent in 2021/2022:

- Recreation: £253,096.81
- Employment Land Development Fund (ELDF): £64,664.32
- Affordable housing: £156,195.98
- Total expenditure: £473,957.11

2. Section 106 Agreements

- 2.1 S106 agreements are legal contracts between the Local Planning Authority and the developer/landowners which include obligations that are essential to allow the granting of planning permission in certain circumstances.
- 2.2 For example, new residential developments place additional pressure on existing social, physical and economic infrastructure in the surrounding area. Planning obligations aim to balance this extra pressure with improvements to the surrounding area to ensure that a development makes a positive contribution to the local area.
- 2.3 The obligations may be provided by the developers “in kind” – that is, where the developer builds or provides directly the matters necessary to fulfil the obligation. This might be to build a certain number of affordable homes on-site, or ecological enhancement, for example.
- 2.4 Alternatively, planning obligations can be met in the form of financial payments to the Council to provide off-site infrastructure works, contributions towards providing affordable housing elsewhere in the Borough, compensation for the loss of employment land, recreation contributions and contributions towards ecological enhancements. In some cases, it can be a combination of both on-site provision and off-site financial contributions.

- 2.5 S106 Agreements may also include non-financial obligations such as provision of on-site affordable housing, access paths or the transfer of land.
- 2.6 Where an obligation involves the payment of financial contributions, on receipt by the Council, these contributions are effectively held on trust, and the Council are legally bound to spend these monies in accordance with the terms of the s106 Agreement. These obligations are then secured as a land charge on any successive land owner of the application site, should the site be sold on and developed by someone other than the applicant.
- 2.7 Regulations state that a planning obligation may only constitute a reason for granting planning permission for the development if the obligation is: The details of the obligations are controlled by statute and must pass the following three tests if they are to be considered when determining an application for planning permission:
- Necessary to make the development acceptable in planning terms;
 - Directly related to the development; and
 - Fairly and reasonably related in scale and kind to the development
- 2.8 The Council cannot ask for contributions via section 106 planning obligations in certain circumstances:

"Planning obligations for affordable housing should only be sought for residential developments that are major developments...For residential development, major development is defined in the National Planning Policy Framework as development where 10 or more homes will be provided, or the site has an area of 0.5 hectares or more. For non-residential development it means additional floorspace of 1,000 square metres or more, or a site of 1 hectare or more...Planning obligations should not be sought from any development consisting only of the construction of a residential annex or extension to an existing home."

Planning Practice Guidance 2019 Paragraph 023 'Planning Obligations' <https://www.gov.uk/guidance/planning-obligations>

3. Bury Council's Process for Requesting S106 Contributions

- 3.1 Where it is determined that on-site infrastructure and/or affordable housing required by policy is not appropriate, the Council will request from developers a financial contribution to meet these needs outside of the development site through a s106 obligation.
- 3.2 The financial contribution required for off-site recreation provision is calculated using Supplementary Planning Document 1 – Open Space, Sport and Recreation Provision in New Housing Development.
- 3.3 Supplementary Planning Document 5 – Affordable Housing Provision in New Residential Development sets the tariff for off-site affordable housing contributions and Supplementary Planning Document 14 – Employment Land and Premises provides guidance on when employment land contributions are required. These documents can be accessed on the Council's website at: <https://www.bury.gov.uk/10740>
- 3.4 Contributions towards required highway works as a result of new development is agreed on a case-by-case basis, evidenced by an assessment of the impact the development will have on the local highways and mitigation works required to minimise this impact.
- 3.5 Once a S106 has been signed, it is an obligation, but it will only be realised if the planning permission is implemented and reaches the trigger point for payment such as commencement or prior to occupation. When the planning permission is granted, the S106 obligation is registered as a land charge which stays with the land, obligating any future owners until the terms are met.
- 3.6 Planning Officers, developers and the Council's legal department work together to instruct new S106 agreements, requesting payments from the developer through to the spending of these monies by designated Council officers. Figure 1 shows this process in more detail.
- 3.7 Any commuted sums received by the Council but not spent within the timeframes set out in the S106 agreement will be identified during annual monitoring and will be refunded in accordance with the details set out in the specific agreement.

4. Monitoring Fees

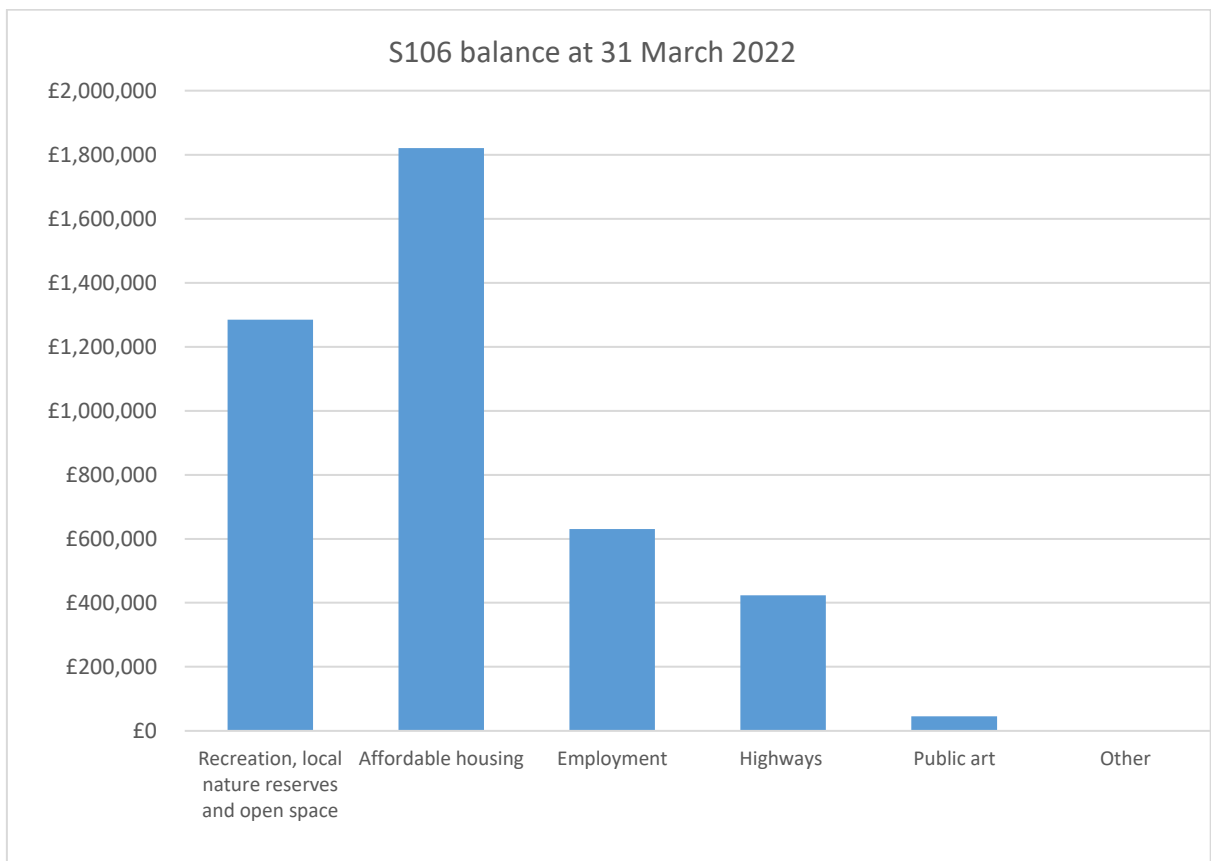

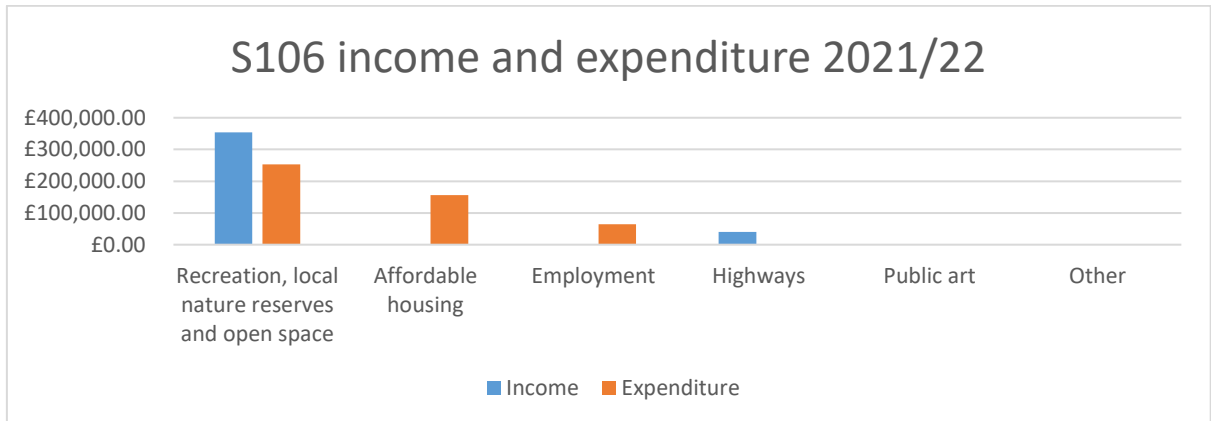

- 4.1 The Community Infrastructure Levy (Amendment) (England) (No.2) Regulations 2019 now allow Local Authorities to charge a monitoring fee through S106 obligations to cover the cost of the monitoring and reporting on delivery that S106 obligation as described above. Monitoring fees can be used to monitor and report on any type of planning application, for the time of that obligation. However, monitoring fees should not be sought retrospectively for historic agreements.
- 4.2 The regulations allow monitoring fees to be either a fixed percentage of the total value of the S106 agreement or individual obligation; or could be a fixed monetary amount per agreement obligation; or Authorities may decide to set fees using other methods. However, in all cases, monitoring fees must be proportionate and reasonable and reflect the actual cost of monitoring.
- 4.3 Authorities must report on monitoring fees in their Infrastructure Funding Statements.
- 4.4 In Bury the monitoring fee was set at £550 per obligation, which is considered to be proportionate and will contribute to the Council's reasonable costs of monitoring each obligation. This fee came into effect from the 18th October 2019.
- 4.5 Between 1st April 2021 and 31st March 2022, £3,850 of monitoring fees have been received through S106 obligations to cover the cost of the monitoring and reporting on delivery.

5. 2021/22 S106 Contributions Summary

- 5.1 Over the twelve-month period from 1 April 2021 to 31 March 2022, Section 106 agreements have resulted in £473,957.11 of investment into the Borough, provision of 18 on-site affordable homes and £394,425.80 of income to the Council. As of 31st March 2022, the Council had around £4,191,953.93 of unspent S106 contributions, the majority of which has been allocated to specific projects but may take time to deliver and for expenditure to be drawn down.
- 5.2 It is important to note that a time lag between receipt and expenditure of contributions is to be expected, as funds have to be allocated to specific schemes (for contributions from S106 agreements signed prior to 6 April 2015), and in some cases

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

contributions are for the long term maintenance of land that has been or is awaiting transfer to the Council.

5.3 Table 1 below summarises income and expenditure in the twelve months from 1 April 2021 to 31 March 2022, and unspent contributions as at 31st March 2022. This is broken down into more detail in Appendix C.

Table 1: S106 Income, Expenditure and Balance

Expenditure type	Contributions received 1 April 2021 to 31 March 2022	Total amount spent 1 April 2021 to 31 March 2022	Total value of unspent contributions as at 31 March 2022
Recreation, local nature reserves and open space	£354,425.80	£253,096.81	£1,284,894.40
Affordable housing	£0.00	£156,195.98	£1,820,165.17
Employment	£0.00	£64,664.32	£630,082.53
Highways	£40,000.00	0	£423,413.37
Public art	£0.00	£0.00	£33,398.46
TOTAL	£394,425.80	£473,957.11	£4,191,953.93

6. Schemes Provided and Obligations Complied With

6.1 This section of the report summarises Section 106 Agreements by type of obligation. A detailed list of schemes provided as a result of financial contributions is attached to this report at Appendix A, together with a list of contributions received and obligations complied with between 1 April 2021 and 31 March 2022 at Appendix B.

Recreation

6.2 In 2021/2022 £354,425.80 was received in recreation contributions.

6.3 During the same period, £253,096.81 of recreation contributions was spent. This has gone towards improvements at a number of sites including:

- Thatch Leach Lane play area & ball zone improvements;
- Thatch Leach Lane improvements;
- Cycle infrastructure improvement at Philips Park;

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

- Hawkshaw play area improvements;
- Sycamore play area improvements;
- Booth Street play area improvements;
- Improvements to infrastructure at Burrs Country Park - Phase 1;
- Improvements to infrastructure at Starmount Reservoir and Blackshaw Brook - Phase 1;
- Improvements to football and play provision at Wellington Barracks - Phase 1;
- Bridge Street Gardens - Phase 1;
- St Marys Flower park improvements;
- Gardener Mount improvements;
- Peel Brow play area;
- Kirklees Valley maintenance;
- Radcliffe Leisure Centre outside space;
- Towns Meadow play area refurbishment;
- Burrs Infrastructure Strategy;
- Woodhill Road play area improvement;
- King George V Whitehead Pavilion;
- Ramsbottom Pool landscaping;
- Redbank Lodges improvements;
- Springwater Park & Sailors Brow access improvements - phase 1;
- Improvements to land at Pilkington Way (West) & Pilkington Way (East);
- Improvements to land at Festival Gardens;
- St Marys Park Green Flag;
- Woodbank Garden improvements;
- Goshen play area improvements;
- Chamberhall tree replacements;
- St Marys Park tennis fencing;
- Burrs Improvements (supporting volunteers);
- Castle Leisure Centre cycle infrastructure & external appearance;
- Improvements at Taylor Street;
- Refurbishment of Clarence Park play area Phase 1;
- Young Street PA Improvements; and
- Clarence Park Improvements.

- 6.4 In terms of future spending, funding has also been allocated to a number of projects across the Borough, including works to play areas, ball zones, tennis courts, outdoor gyms, bowling greens and park improvements. The priority is to ensure that S106 recreation contributions are allocated within the area where the development takes place.
- 6.5 All unspent recreation contributions received up to 31st March 2022 have been committed to specific projects, with the exception of contributions paid upfront that can't be committed until commencement of development.

Affordable Housing

- 6.6 Section 106 Agreements have also required developers to make provision on site for affordable housing. In 2021/22, 18 affordable properties were completed on site as a result of planning policy. In addition, some of the previously completed properties have been subsequently re-sold, re-let or are under offer, to households on the Affordable Housing Scheme.
- 6.7 The Planning Agreements allow the affordable housing units to be sold on the open market in certain circumstances, subject to 25% of the sale proceeds being given to the Council to spend on affordable housing elsewhere. No properties were sold in this way between 1 April 2021 and 31 March 2022.
- 6.8 In total up to 31 March 2022, £2,572,147.53 in commuted sum payments has been received for affordable housing, of which £752,108 has been spent and a further £1,114,767 is committed. The remaining uncommitted contributions will be spent in accordance with the Bury Housing Strategy. Spending affordable housing contributions will be agreed by an officer group comprising of representatives from Planning and Housing Strategy, taking into account views of Portfolio holders, and must be in accordance with the terms of each Section 106 Agreement.
- 6.9 In August 2012, Cabinet agreed to spend £617,000 of monies received to bring empty properties back into use as affordable housing in the Radcliffe area, as a pilot exercise working with registered providers. However, funding for the Radcliffe pilot was subsequently secured from the HCA, who have also committed to further funding to increase the number of empty properties to be brought back into use in Radcliffe. As a result, in September 2014, Cabinet agreed to approve the use of the £617,000 commuted sums in other townships across the Borough, providing the reallocation of

resources does not detrimentally affect the outcomes of the Radcliffe pilot. This work will help reduce the number of long term empty properties and provide additional affordable housing. £502,108 has been spent up to 31 March 2022, bringing 11 empty properties back into use as affordable housing.

- 6.10 In June 2021 the Council approved the use of a further £1m of affordable housing S106 contributions to bring additional empty properties back into use. This will have multiple benefits of removing the blight of empty properties, bringing them back into use to provide affordable homes.
- 6.11 In July 2017, Cabinet approval was given to commit £250,000 of S106 affordable housing contributions to support the residential development of the site of the former Radcliffe Times building for affordable housing. £98,751.98 of this was spent in 2021/22, so the full £250,000 has now been spent and the project has been completed.
- 6.12 The Council is exploring opportunities to accelerate the use of the committed empty properties sums and use the remaining uncommitted affordable housing contributions to support and accelerate the delivery of additional affordable housing.

Employment Land Development Fund

- 6.13 As at 31 March 2022, the total unspent balance of the Employment Land Development Fund (ELDF) was £630,082.53. £220,325.81 of this has been allocated to various projects but is yet to be spent.
- 6.14 The remaining £409,756.72 is unallocated and unspent but work is continually on-going to identify specific opportunities in accordance with the approved ELDF Framework for Spending.
- 6.15 During 2021/22, £64,664.32 from the ELDF was spent on the following:
- To support a temporary post with responsibility for providing a planning input into the progression and delivery of current and emerging employment sites in Bury,
 - To support a new temporary post to assist with data management and GIS in relation to the delivery of economic development in the borough; and
 - The Bury Economic Strategy.

Highways

- 6.16 In 2021/22, £40,000 in highways contributions were received to fund the provision of a toucan crossing for pedestrians and cycle users in the vicinity of Market Street/Trinity Way.
- 6.17 There was no spend on highways projects in 2021/22.
- 6.18 The remaining highways contributions for 2021/22 is £423,413.37 is allocated to projects such as:
- An additional lane at the slip road of junction 3 on the M66;
 - Improvements to Pedestrian connectivity; and
 - Measures to mitigate the impact of the development on the local highway network comprising CCTV, SCOOT revalidation, extra SCOOT loops and amendment of signal staging at the Harvard Road Signals.
 - toucan crossing for pedestrians and cycle users in the vicinity of Market Street/Trinity Way.
- 6.19 £25,000 was received for the provision of a traffic calming scheme, 20mph zone and improvements to the existing bridleway 37 at Lowes Road. Associated with this project, there is £10,000 of contributions remaining and work is planned to undertake improvements to bridleway 37.

Public Art

- 6.20 Following the publication of Government guidance which advised that planning obligations should not be sought if they are not considered necessary to make a development acceptable in planning terms, financial contributions for public art are not currently being sought for new planning applications.
- 6.21 There was no s106 spend on the provision of public art projects in 2021/22.

7. Outstanding Obligations

- 7.1 A list of all outstanding obligations is attached to this report at Appendix D. These are divided into those where triggers have been reached (Appendix D Part 1), identifying the actions that are being taken to recover overdue contributions and non-financial obligations; and those where triggers have not yet been reached, for example, because development has not started or insufficient dwellings have been completed (Appendix D Part 2).

Outstanding S106 Obligations where triggers have been reached

- 7.2 Six developments have been identified as having outstanding obligations which are now due and are being pursued by the Council. Of these, 5 require financial contribution, totalling £268,385.75.
- 7.3 The outstanding contributions are pursued initially by contacting the parties involved and, where necessary, debt recovery proceedings are instructed. However, this can be a lengthy process.

Section 106 Agreements not yet triggered

- 7.4 Appendix C Part 2 provides details of development sites where S106 obligations have been negotiated as part of the planning approval process but the triggers have not yet been reached, for example because development has not yet commenced or insufficient dwellings have been completed. Recently lapsed or superseded permissions are included on the list for information, but these obligations will not be triggered. The terms of each S106 Agreement will specify how commuted sums can be spent. It is important to note that these developments may not all proceed as planned and there is, therefore, no guarantee that these funds will ever be received.
- 7.5 The Council will continue to monitor these developments to ensure that payments and provisions are secured as and when they are required by the S106 Agreement.

8. The Community Infrastructure Levy

- 8.1 In April 2015, the Community Infrastructure Levy (CIL) Regulations imposed restrictions on pooling S106 contributions. Local Authorities were not able to fund specific projects or type of infrastructure by pooling contributions from 5 or more separate S106 agreements. Collecting generic 'recreation' or 'employment' contributions was also no longer permitted. The Council was required to identify within a S106 Agreement exactly what project the contribution would be spent on.
- 8.2 These regulations have since been amended and came into force on the 1 September 2019. The amendments removed the restrictions on pooling S106 contributions.

- 8.3 However, the Council still continues to identify projects up front when the S106 agreement is signed in order to monitor S106 funds and ensure the contributions are spent on the most appropriate schemes. For recreation contributions, potential project ideas are based on the Green Space Strategy, the Play Strategy, local priorities and opportunities for maximising the money by attracting external funding. Ward councillors are consulted by email and feedback from them informs the final list of schemes.
- 8.4 Non-financial S106 obligations, such as on-site provision of footpaths and transfers of land are unaffected, and maintenance contributions are tied to specific areas of land.

9. Conclusion

- 9.1 Despite the Covid-19 pandemic in 2020/21 continuing into 2021/22 S106 Agreements have led to significant investment and improvement across the Borough, and the role of Planning in securing financial contributions and non-financial achievements should be noted.
- 9.2 The proactive approach to ensuring S106 obligations are complied with has resulted in success in recovering outstanding contributions, and enabled prompt identification when triggers have been reached on new developments. This approach will continue and should ensure that developers deliver their obligations. Where necessary and appropriate, legal action will be taken to ensure compliance with S106 obligations.

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Appendix A – Schemes Provided Via S106 Commuted Sums

Type of Contribution	Scheme Provided/Location	Money Spent 1st April 2021-31st March 2022
Recreation	Thatch Leach Lane Play Area & Ball Zone Improvements	£2,088.20
Recreation	Cycle Infrastructure Improvement, Philips Park	£116.35
Recreation	Hawkshaw Play Area Improvements	£6,300.00
Recreation	Thatch Leach Lane Improvements	£1,003.80
Recreation	Sycamore Play Area Improvements	£6,032.00
Recreation	Booth Street Play Area Improvements	£3,821.00
Recreation	Imp to infrastructure at Starmount Reservoir and Blackshaw Brook Phase 1	£22,925.80
Recreation	Imp to football and play provision at Wellington Barracks Phase 1	£20,000.00
Recreation	Bridge Street Gardens - Phase 1	£8,523.52
Recreation	O/C St Marys Flower park Improvements	£2,297.26
Recreation	O/C Peel Brow Play Area	£740.00
Recreation	O/C Kirklees Valley Maintenance	£1,891.56
Recreation	O/C Radcliffe Leisure Centre Outside Space	£8,703.18
Recreation	O/C Burrs Infrastructure Strategy	£13,686.00
Recreation	O/C Woodhill Road Play Area Improvement	£90.00
Recreation	O/C King George V Whitehead Pavilion	£4,619.00
Recreation	O/C Ramsbottom Pool Landscaping	£12,710.75
Recreation	O/C Redbank Lodges Improvements	£7,931.04
Recreation	Springwater Park & Sailors Brow access Improvements - phase 1	£27,814.20
Recreation	Improvements to land at Pilkington Way (West) & Pilkington Way (East)	£13,269.53

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Recreation	Improvements to land at Festival Gardens	£2,456.00
Recreation	St Marys Park Green Flag	£650.82
Recreation	Woodbank Garden Improvements	£143.00
Recreation	Chamberhall Tree Replacements	£30,000.00
Recreation	St Marys Park Tennis Fencing	£9,000.00
Recreation	Burrs Improvements (supporting volunteers)	£6,922.81
Recreation	Castle Leisure Centre cycle infrastructure & external appearance	£9,282.17
Recreation	Improvements at Taylor Street	£500.00
Recreation	Refurbishment of Clarence Park PA Phase 1	£26,549.82
Recreation	Clarence Park Improvements	£1,329.00
Recreation	Young Street PA Improvements	£1,700.00
Employment	Senior Planning Officer (ELDF)	£38,165.39
Employment	Bury Economic Strategy	£22,780.00
Employment	Assistant Data Management / GIS Officer	£3,718.93
Affordable Housing	Contribution to the Radcliffe Times Development.	£98,751.98
Affordable Housing	Empty properties – contribution to the acquisition of an empty property to be brought back into use as affordable housing.	£57,444.00

**The Community Infrastructure Levy Regulations imposed new regulations on s106 contributions which came into effect from 6 April 2015.

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Appendix B – Obligations complied with (1 April 2021 – 31 March 2022)

Application	Site	Description	Obligation complied with
63324	Land at Mountheath, George Street, Preswich	Recreation contribution	£354,425.84 received 4/8/21
66978	Former Peel Health Centre, Market Street/Angouleme Way, Bury, BL9 0EQ	Highways contribution	£40,000 received 04/10/2021
62546	Land adjacent to 436 Walmersley Road, Bury, BL9 6QE	Recreation contribution	£12,140.46 received 19/11/2021

Contributions received after 1 April 2022 are not included in the total values received or unspent in Table 1 of the main report, to simplify the collation of data from the Council's financial systems.

Contributions received after 1 April 2022

Application	Site	Description	Obligation complied with
66389	Former site of Andrew Textile Industries Ltd, Walshaw Road, Bury, BL8 1LF	Recreation contribution	£275,888.74 recreation contribution and £79,000 ecological contribution received 12/04/2022
61117	Bleaklow Mill, Bolton Road, BL8 4LL	Recreation contribution Employment contribution	£33,186.56 recreation contribution and £10,000.00 employment contribution received 22/04/2022
63533	Bevis Green Works, Mill Road, Bury, BL9 6RE	Employment contribution	£78,000 received 22/04/2022
N/A	76 Stonemere Drive, Radcliffe M26 1QX	Affordable housing contribution	Payment in lieu of affordable housing resale requirements. £28,750 received 27/05/2022

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Application	Site	Description	Obligation complied with
N/A	29 Blossom Walk, Bury BL9 6GF	Affordable housing contribution	Payment in lieu of affordable housing resale requirements. £32,000 received 08/08/2022
N/A	17 Oaks Close, Prestwich M25 3ER	Affordable housing contribution	Payment in lieu of affordable housing resale requirements. £94,625.00 received 26/09/2022

Appendix C – S106 income, expenditure and unspent balance

Expenditure type	Contributions received 1 April 2021 to 31 March 2022	Total amount spent 1 April 2021 to 31 March 2022	Total value of unspent contributions as at 31 March 2022	Comments
Recreation enhancement	£354,425.80	£253,096.81	£829,511.51	All allocated with the exception of contribution paid upfront that can't be allocated until commencement of development. The balance includes £1213.20 of interest accrued in 2021/22. The amount spent was £253,096.81. The income received was on code WECD819 - £354425.80 (Development at Mountheath George Street Prestwich application 63324)
Recreation maintenance	£0.00	£0.00	£154,800.58	All allocated to maintenance of transferred land. The balance includes interest earned, £211.15 in 2021-2022.
Recreation – Strategic Planning projects	£0.00	£0.00	£95,000.00	£70,000 contribution towards Moss Shaw section of the Bolton Bury railway path and £25,000 Olives Brook Link contribution.
Local Nature Reserves	0	£0.00	£65,057.39	

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Expenditure type	Contributions received 1 April 2021 to 31 March 2022	Total amount spent 1 April 2021 to 31 March 2022	Total value of unspent contributions as at 31 March 2022	Comments
Roch Valley Greenway maintenance fund & repair and maintenance of goyt	0	0	£140,524.92	Transfer of land completed 15/6/16.
Affordable Housing	£0.00	£156,195.98	£1,820,165.17	In 2021/2022 £98,751.98 of the affordable housing reserve was contributed to the Radcliffe Times Development and £57,444 was spent on the empty properties scheme.
Employment Land Development Fund	£0	£64,664.32	£630,082.53	Funding for a Senior Planning Officer on a fixed term contract. Spend on the Bury Economic Strategy and spend on assistant data management/GIS officer.

INFRASTRUCTURE FUNDING STATEMENT 2021/2022

Expenditure type	Contributions received 1 April 2021 to 31 March 2022	Total amount spent 1 April 2021 to 31 March 2022	Total value of unspent contributions as at 31 March 2022	Comments
Highways	£40,000.00	0	£423,413.37	Allocated to following projects: <ul style="list-style-type: none"> • £25,000 traffic calming • £10,000 bridleway 37 improvement • £95,000 traffic mitigation contribution • £24,000 pedestrian connectivity contribution • £229,413.37 additional slip lane at Junction 3 of M66 • £40,000 traffic mitigation contribution
Public art	£0.00	£0.00	£45,243.85	No spend in 2021/22 for S106. Balance is £45,243.85 (£45,185.11+£58.74 interest on balances)
TOTAL	£394,425.80	£473,957.11	£4,191,953.93
