Take time to find pupil's strengths and praise these – ensure that the pupil has opportunities to demonstrate their skills to maintain self-confidence.		
'Catch' the pupil being good and emphasize positives in front of other pupils and staff (where appropriate)		
Give the pupil a classroom responsibility to raise self-esteem		
Refer pupils regularly to classroom code of conduct, whole class targets and use consistently – ensuring that supply staff apply same consistency		
Play calming music where appropriate		
Give breaks between tasks and give legitimate 'moving around' activities e.g Brain Gym, wake up and shake up		
Provide lots of opportunities for kinaesthetic learning e.g. practical activities, experiential learning, multi-sensory resources		
Use interactive strategies e.g. pupils have cards/whiteboards to hold up answers, come to the front to take a role etc.		
Make expectations for behaviour explicit by giving clear targets, explanations and modeling		
Where possible, create a quiet area both for working and as a 'quiet time' zone		
Use a visual timer to measure and extend time on task – start small and praise, praise, praise		
Teach pupils how to use post-it notes for questions and ideas rather than interruptions (when appropriate)		
Provide alternative seating at carpet time if this is an issue		
Legitimise movement by getting pupil to take a message, collect an item, use a 'fiddle toy' if necessary		
Ensure that tools/equipment are easily accessible and available for use.		
Give a set time for written work and do not extend into playtime to 'catch up' – the pupil will need these breaks		
Use pupil's name and ensure you have their attention before giving instructions

Quality First Teaching – Visual Difficulties	Comments	Date
Give as many first hand 'real' multi-sensory experiences as possible		
Ensure correct seating in relation to board, whiteboard, Smartboard taking into account levels of vision in each eye		
Try out different paper/Smartboard colours to try to find best contrast		
Consider lighting – natural and artificial – which is most comfortable?		
Avoid shiny surfaces which may reflect light and cause dazzle		
Take advice from specialist teams related to font style and size		
Short spells of visual activity should be interspersed with less demanding activities		
Eliminate inessential copying from the board		
Where copying is required, ensure appropriate print size photocopy is available		
Ensure range of writing materials is available so that pupil can choose most appropriate to maximize vision		
Always uses verbal explanations when demonstrating to the class. Read out aloud as you write on the board		
Address the pupil by name to get their attention		
Avoid standing in front of windows – your face becomes difficult to see		
Avoid the sharing of texts/monitors unless doing so is a priority for social reasons e.g. working together on a project.		

Possible interventions (additional to/different from)	Comments	Date

Quality First Teaching – Hearing Difficulties	Comments	Date
Careful seating that allows the pupil to see the teacher clearly and also see other speakers (back to the window is good)		
Gain pupil's attention before important information is given		
Keep background noise to a minimum		
Slow down speech rate a little, but keep natural fluency		
Do not limit use of rich and varied language – trying to stick to short words and limited vocabulary can limit natural speech patterns and full meaning		
Allow more thinking and talking time		
Model and teach careful listening along with signals when careful listening is required		
Repeat contributions from other children – their voices may be softer and speech more unclear		
Occasionally check that oral information/instructions have been understood		
Face the pupil when speaking		
Keep hands away from mouth		
Key words on board to focus introduction and conclusion		
Divide listening time into short (ish) chunks		
Use visual symbols to support understanding		

Possible interventions (additional to/different from)	Comments	Date
Equipment and resources as recommended by the Sensory Support Team or Audiologist		
A language programme such as 'Time to Talk' or 'Talking Partners' may support language development for a pupil with a hearing impairment by offering a quiet, small group forum		

## Area of Need: Sensory Needs

Quality First Teaching – Co-ordination	Comments	Date
Consider organisation of classroom to allow free movement		
Allow the child plenty of space to work – where space allows, could he/she be placed next to a 'free' desk?		
Ensure that left and right handed pupils are not sitting next to each other with writing hands adjacent		
Seating should allow pupil to rest both feet flat on the floor – check chair heights		
Desk should be at elbow height		
Sloping desk provided if possible		
Positioned so pupil is able to view the teacher directly without turning the body – close enough to see and hear instructions		
Seated where there are minimal distractions e.g. away from windows and doors		
Encourage oral presentations as an alternative to some written work		
Lined paper with spaces sufficiently wide to accommodate pupil's handwriting		
Mark starting point for each line with a green dot		
Attach paper to desk with masking tape to avoid having to hold with one hand and write with the other		
Break down activities into small chunks with praise for completing each part		
Ensure range of different pen/pencil grips is available		
Reinforce verbal instructions by repeating several times, give no more than one or two instructions at a time and ask the child to explain what is required to check understanding		
Once the child is confident with this, perhaps they could be asked to explain the task to another child or small group		
If copying from the board is absolutely necessary, use different colours for each line and leave a gap between lines		
Teach sequencing skills		
Cue cards may help the pupil to sequence a task e.g. 1. Clear your desk 2. Collect the equipment you need (with visual cues) 3. Put the date at the top of the page etc.		
Can the 'WALT' or LO be photocopied or written into book for pupil?
